Highlights of a Year

Volume 13, 1963

Bishop McGuinness High School
801 N. W. 50th Street
Oklahoma City, Oklahoma

High school is essentially concerned with growth. High school growth—ah ha, we think—academic prowess, sophisticated poise?

Unfortunately, people tend to think extremes. Either we've got to be social minded—or strictly intellects. At least this is the high school legend.

Growing is like building a wheel. As we add spokes to our hub, a wheel that can move develops. If we leave the space for a spoke empty, our wheel is lopsided and inefficient.

Thus if we develop academically but not socially, we leave a spoke space empty and end up stymied.

This book, the 1963 **Chi Rho,** tells the same type of story a million other yearbooks tell. What makes it different, uniquely ours, is that it shows how we built our wheel this year. Because it is the story of our spokes, our growth, this yearbook is essentially us.

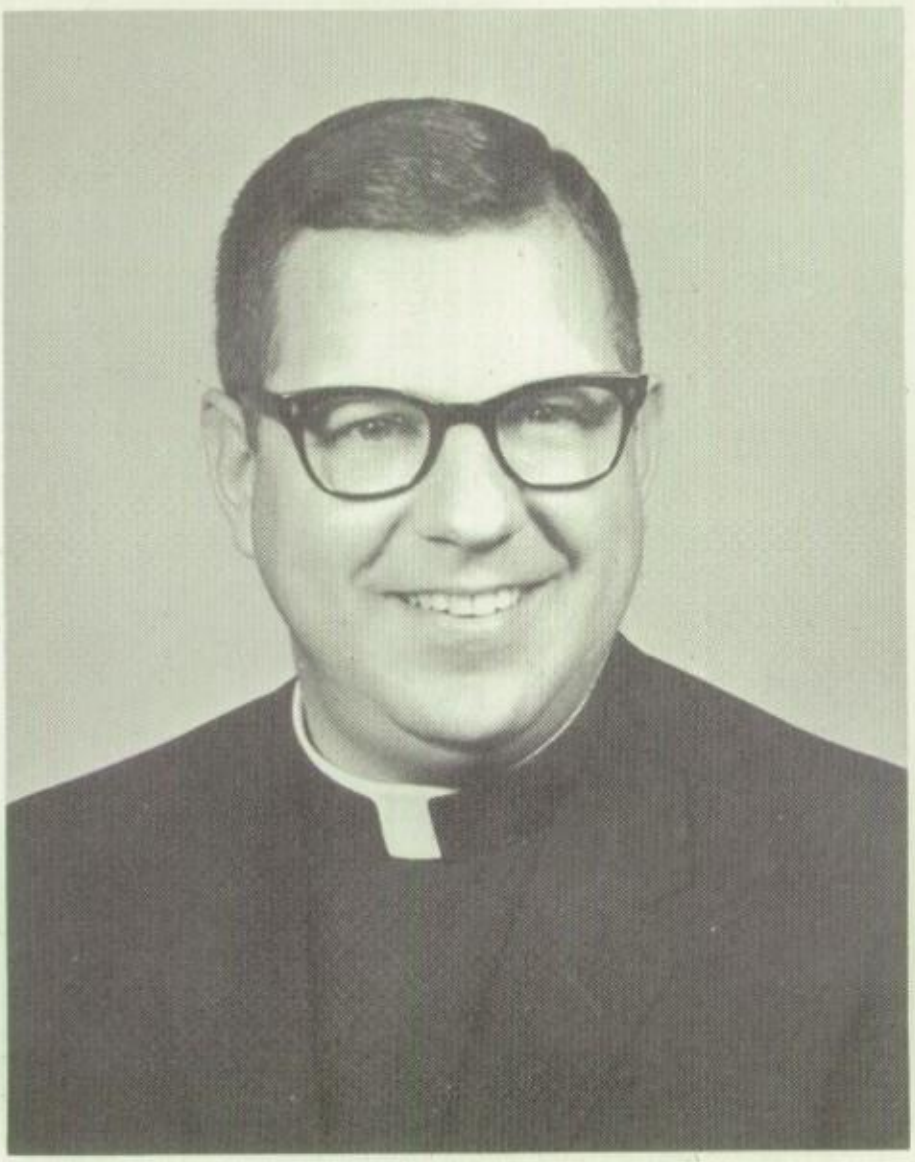
Principal



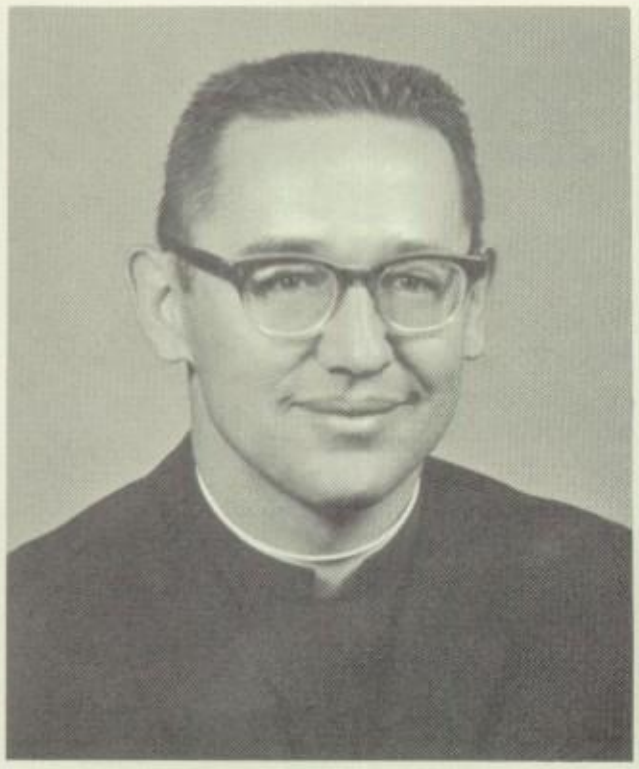
Rev. Ernest A. Flusche
Principal, Superintendent

The Rev. Ernest A. Flusche assumed the position of MHS principal with the advent of the 1962-63 academic year.

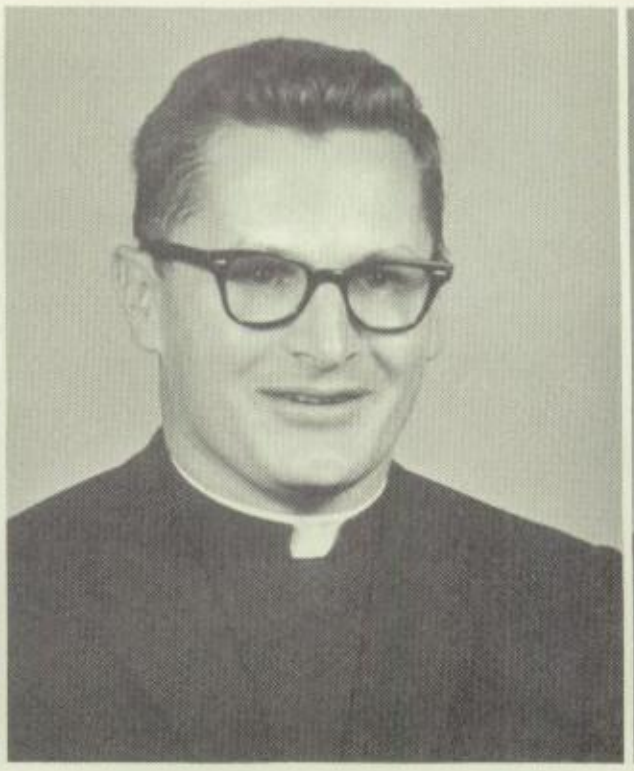
Father Flusche holds a Doctor of Philosophy degree from the Catholic University of America. He has a major in Philosophy of Education and minors in Educational Psychology, Administration, and History of Education.

A native Oklahoman, Father is also the Superintendent of Catholic Schools of Oklahoma. He has held this position since 1959.

In his dedication to the responsibilities of these two important positions, Father Flusche represents an important "spoke" in the McGuinness wheel of development.



Rev. David Monahan
Dean of Students



Rev. W. T. Rath
Counselor

Virgil Grantham, Counselor, Head Basketball, Baseball Coach

Bishop McGuinness High School is fortunate to have as one of its outstanding characteristics a number of experienced and well-trained faculty members. The faculty of a school is the nucleus of the academic program for students. It is they who must ardently mold the student's spiritual and intellectual character into firm existence. It is their job to witness the dramatic change from adolescence to adulthood, and most probably to win merit in having a share in this progress.

McGuinness' faculty is topped by a four branch administration. Father Ernest Flusche officiates as the school principal, and Father David Monahan acts as dean of students. Father Wilmer Rath and Mr. Virgil Grantham head the student guidance counseling office, helping in matters of both academic and spiritual nature. Mr. Eddie Joseph holds the title of Athletic Director, taking full charge of all sports activity going on in the school.

The Faculty is well proportioned in the number of lay and religious order teachers. There are seven different communities of nuns represented at McGuinness, along with nine priests from various parishes. Twelve lay teachers constitute the remainder of the teaching faculty.

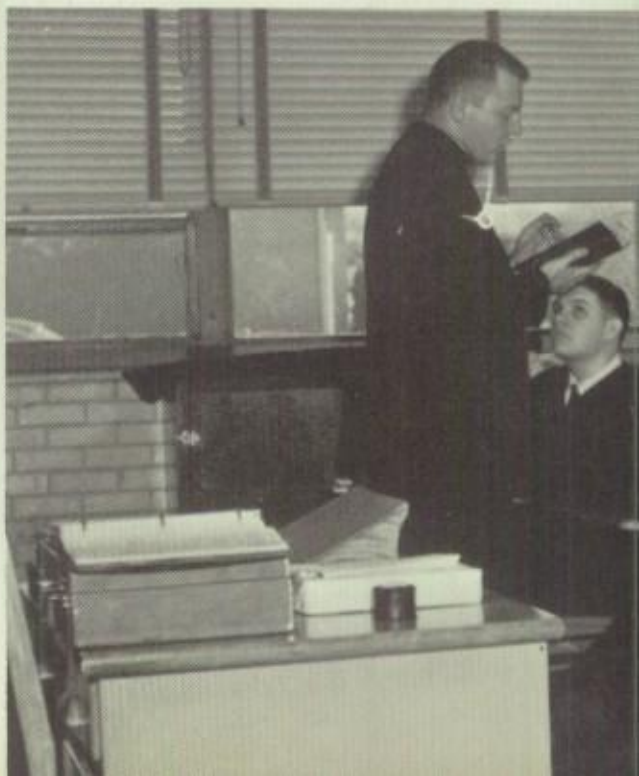
Sophomore second hour religion class studies the Old Testament under the direction of Father Dolin. The Bible is as much of a text for the class as the book "God and His People".

Charles Carey, Mark Parrington, Ann Costello, Felice Walton, and Randy Wheelock prepare notes for a panel on Old Testament covenants in Sister Mary Charles' Religion I class.



Classes Stress Council's Importance

This past year the Ecumenical Council, one of the most important events in the history of the church, held its first session. Realizing the importance of the Council, many of the teachers here at McGuinness have tried to prepare us for the changes which may result from the historic meeting.

Sister Mary Charles' fifth hour sophomore religion class presented a panel which discussed some of the probable outcomes of the Council. This was also the subject of several open discussions held by Father Gallatin with the students of his fourth hour religion class.

In the earlier part of the school year a table display of literature on the Council was set up in the library. The prayer for the Ecumenical Council became our standard first hour morning prayer. Thus did we ask God to aid and inspire our representatives to make the best decisions for the good of the Church.

All in all, we have begun to prepare ourselves for the possible changes which will be the end result of the session concluded in 1962 and the one which will begin next September. It is highly important that we should be so prepared — whatever the new rules, regulations, and changes are — each of us members of the Mystical Body will be directly affected.

Portraying a sixth century Mass, the celebrant, Tom Brown, receives gifts from the lay participants Mary Bane, Jennifer Knight, Linda Shea, and Mary Alice Farrell.

Seniors in Father Jones' religion class listen intently to a passage from Sacred Scripture.

Self-expression English Class Goal

Seniors Diane Archer, Joanie McLaughlin, and Margo Olivares participate in a scene from Ibsen's "The Master Builder" during English IV class while Tony Bosworth demonstrates his acting ability.

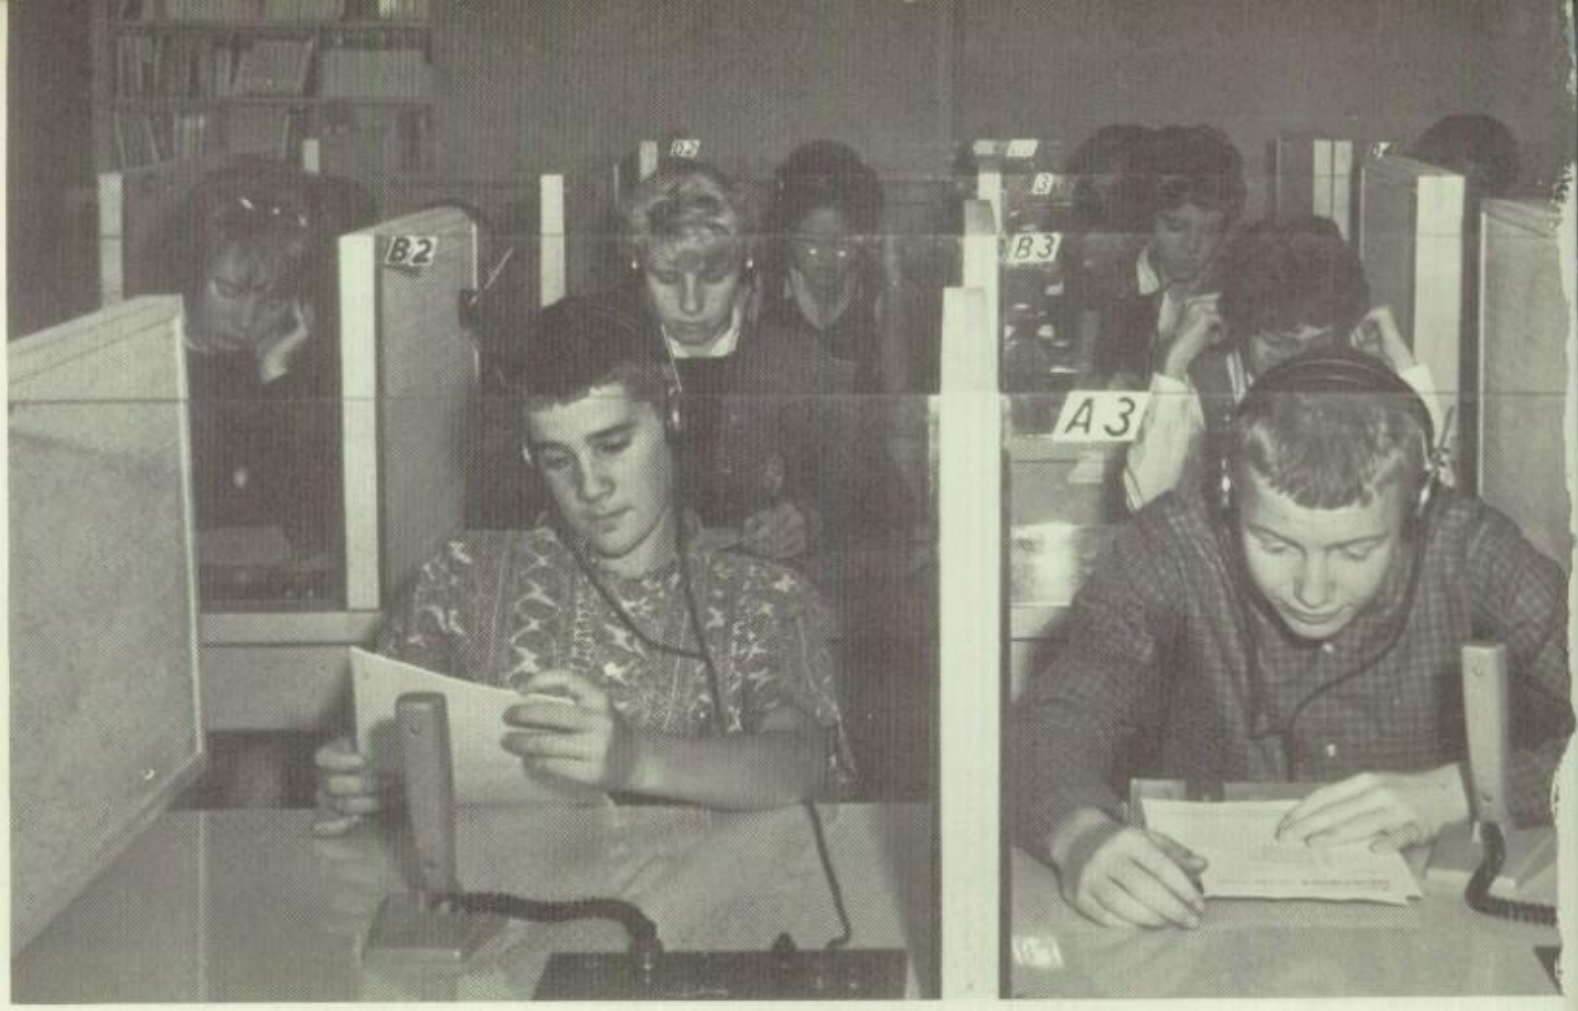
Descriptive writing has captivated Sister Pauline's English III class, especially Mike Roberts and Jeff Davidoff.

The English Department at McGuinness concentrates mainly on the development of the student's manner of self-expression. Material is presented in such a way as to challenge the intellect and to stimulate the imagination. Something new in the department this year was the one semester "Communication Arts" class which stressed grammar as the ground-work for all written and oral communication. Literary types were studied in the underclassmen grades, English literature in the upper. Freshmen were taught how to use the library. All levels faced research assignments; all put much time in polishing up vocabulary.

Students gained insight into their own natural talents as well as the talents of renowned authors, poets, and essayists.

Freshmen Phil Phipps, Barbara Miller, and Bill Hanneman watch intently as Sister Elisa explains the function of the controlled reader.

To enrich a class essay assignment, Danny Fine exhibits "Scuba" equipment with the aid of John Wilkinson and Lorraine Archbald for the members of Sister Judith's English II class.



MHS Resounds in Foreign Tongues

French III students Carolyn Klopp, Elaine Bachle, Rita Dowling, Donna Shidler, Linda Peterson, and Linda Romano give a daily rendition of the "Marseillaise" to show their patriotism to France.

Almost everyone at McGuinness can be found at one time or another with his nose in a book from either the French, Latin, or Spanish departments. But the activities in the language departments don't end with study.

The many students of French have an annual dinner in the French style, with the students themselves bringing the food and providing the entertainment. For a little everyday fun, the classes sing French songs, the "Marseillaise" being the favorite — French I sings it every day. Sister Dolores, O.S.B., is head of the department, and, according to her students, keeps things humming — in French, of course!

Though its members are no longer fighting Caesar's battles with him, the rather exclusive group of Latin students is not being idle. Due to the fact that there are no freshmen in Latin, there are only about fifty Latin students in all, and these are all in Latin II. This year they are translating Holy Scripture, and making good use of the language lab. Sister Rosalie, C.S.T., tells us that her students' small numbers have not prevented them from being active in the Junior Classical League, and that they have planned to attend the convention in the spring at Oklahoma University.

Pinata parties are a specialty of the Spanish I, II, and III students of Mr. Fletcher and Mr. Henderson. These are the highlights of the year, a year sprinkled with a study of the culture of Spanish-speaking countries and enlivened by the presence of Christina and Gloria, our Mexican exchange students. Spanish Christmas carols have been very popular this year, and various classes have enjoyed trading serenades with each other and with French and Latin classes.

At one of the frequent visits of the Spanish I class to the language lab, Darrel Wellinski looks indifferent to the Spanish voice coming through the earphones while Bill Morrow seems interested.

Ricky Fetters, Catherine Newman, and Janice Brown thread the tape recorder for their Latin class.

Susie Costello gets set to smash Mag McGinley's paper pinata creation.

Susie Costello passes pinata candy to Margo Olivares in the race to have the winning line in Christmas season Spanish II "customs" class.

Math Challenges MHS Minds

Mr. Gavula pleasingly smiles on his latest geometrical figures.

Kathy Tobin, Marilyn Mejdrech, and Gary McClendon get some additional help from Sr. Miriam Teresa, Math I instructor.

Denise Touhy and SuSu McGinnis, sophomores, volunteer their solution in Sr. Pauline's geometry class.

Mathematicians Kay Lucas and Bob Minnis seem to have stumped Sister Pauline with a tricky trig problem. But surely Sister will figure it out as her amused senior math class looks on

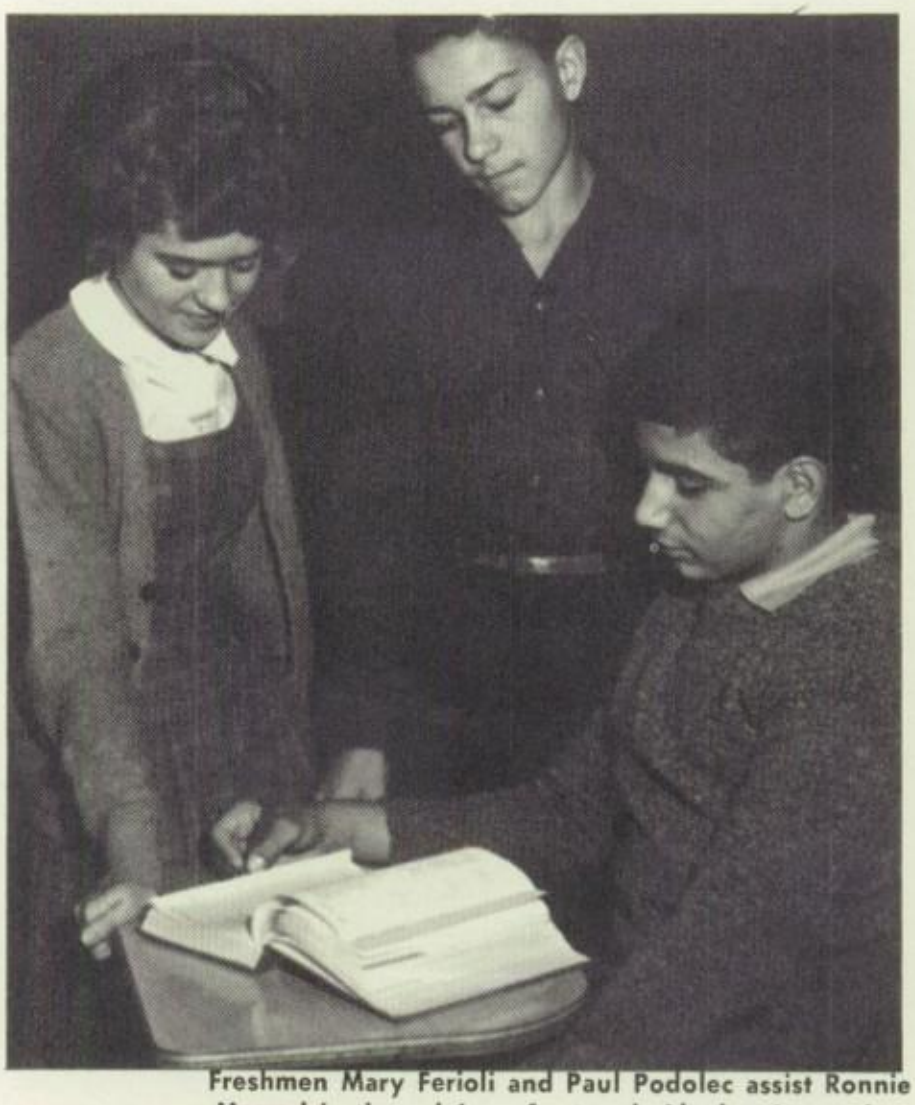
$X + y =$ math at McGuinness.

The freshmen undertook a big project this year—math! Highschool math is to them a realm of new and different ideas, figures, and concepts. Algebra I presents a true challenge to the new high schooler.

Next comes the fascinating study of geometry with its students mystified by theorems, triangles, and polygons. The primary concern of this course is to teach the students to think in a logical manner.

The juniors were subjects to Algebra II, an extension of Algebra I. This course penetrates the "whys" of the first year algebra and goes into the sphere of advanced study, such as equations, graphs, and methods.

A fourth year math pupil finds his study devoted to two major areas—trigonometry and solid geometry. In the trig classes students worked with sine, cosine, tangents, and their reciprocals. Solid geometry delved into the "why" of reality.



Freshmen Mary Ferioli and Paul Podolec assist Ronnie Massad in the solving of a tough Algebra I equation.

Elaint Bachle and Mary Borelli carefully adjust the luminous flame of the Bunsen burner while Betty Fisher cautiously anticipates the outcome.

Scientific Studies Intrigue Students

Mr. Lochhead's static electricity generator brings forth comment and laughter from Frank McMann, Tony Bosworth, Jim Kubiak, Kay Lucas, and Harold Scheer, some "eccentric eggheads" talking physics.

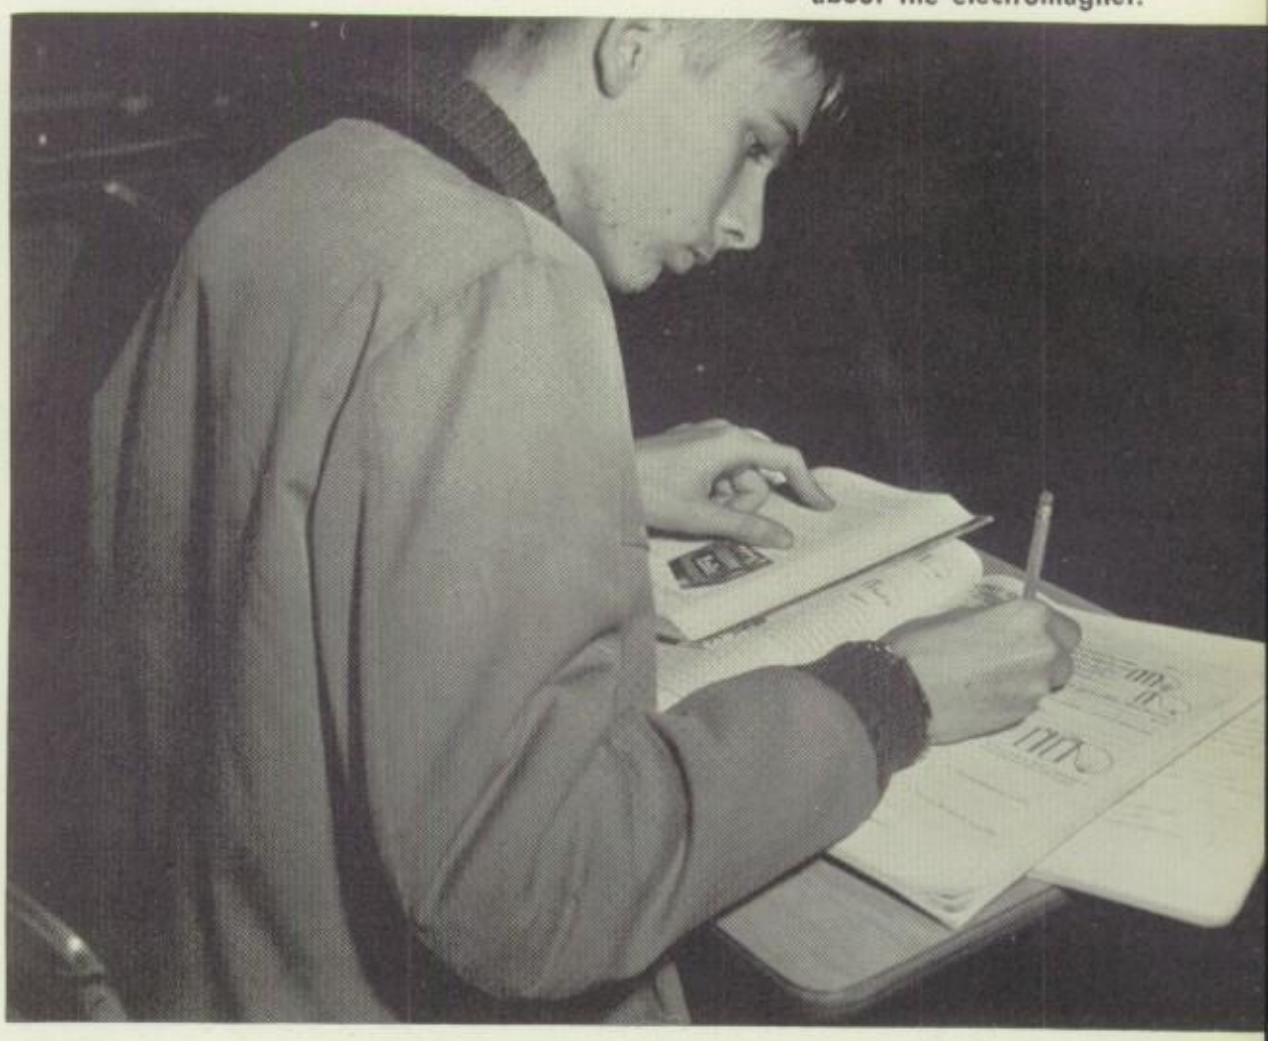
Any strange-looking bug wandering around the halls this year usually had a biology student on its tail. The biology classes taught by Mr. Piccolo and Mr. Lochhead did not follow the book strictly but rather they studied subjects in relation to each other. During the course the students performed a few experiments such as the dissection of frogs and worms.

At the beginning of the year the chemistry students were sufficiently incapacitated with the complexities of such oddities as Bunsen burners, graduate cylinders, thistle tubes, etc. Gradually, however, the chemistry teacher, Sister Wilfreda, Ad.PP.S., taught the students to work efficiently with the elements which compose our world and to discover the truths concerning the Law of Conservation of Mass.

Mr. Lochhead's physics classes studied a new approach to the subject this year. The students were given experimental data from which they were asked to determine different physicists theories.

Physical science was a new subject offered at McGuinness this year by Mr. Lochhead. This course dealt primarily with the composition of the earth's crust, different minerals and crystals, and certain astronomical situations.

One of Mr. Lochhead's physical science scholars, Frank Fry, diligently fills in his workbook answering questions about the electromagnet.



"I have it!" echo sophomore biology students Kathy Minnis and Ricky Fetters as other members of the class seem stumped.

History Students Delve into Past

Debbie Stewart and David Henke search ardently but questionably for the correct pronunciation of "Qietjerksteradell".

The race has begun. Will Claudia Loughmiller finish the remainder of her 85 American History terms before Miss Basolo gets to her row?

Gary Massad seems to have caught the camera's eye while the rest of the Oklahoma History class is captivated by Mr. Hughes' balancing act.

Bob Minnis waits patiently to contradict Mike DeLier as he expounds his views to the Sociology class.

Panels, slides, reports, and demonstrations on old and new historical data engulfed social science students this past year. History, geography, and sociology scholars spent their time learning the story of man by studying his social patterns, his past experiences, and his environment.

Miss Mary Catherine Basolo, Mr. Sam Waken, and Sister Mary Joathim, O.P., instructed their students in these courses. Much of the year for freshmen students was used in learning about Oklahoma as it was before the arrival of white settlers, and how Oklahoma developed into its present statehood. Sophomores and juniors studied our country, its beginning, and its growth into the world power it now is. Seniors used their time learning the economic and social patterns of our country, and our economic and social relationship to the rest of the world.

The social science students at McGuinness partake in a well-rounded program which enables them to have a better understanding of the world.

Kathy Hogan and Jim Dorney look on as Joe Ratway points to the countries in eastern Europe that Mr. Hughes' geography class is studying.

Sr. St. Basil's Typing I students take their daily five-minute test, striving for speed with accuracy.

Terry Arndt, Pat Hudgens, Dennis Ingram, and Pat Gheen, Sr. Margaret's bookkeeping students, are journalizing business transactions.

Business Keyed to Future

Where can the key to an interesting and successful future be found? The answer lies on the second floor Business Department under the guidance of Sister St. Basil, S.P., and Sister Margaret, S.P.

The students of Typing I concentrate on the mechanics of the machine and the basic fundamentals of typing. In Typing II emphasis is placed on increasing speed with accuracy.

General office practices and the use of office machines are taught in the Secretarial Studies class.

Shorthand I students focus their attention on attaining a speed of 100 wpm. Shorthand II classes strive for accuracy and a speed of 140 wpm.

Bookkeeping provides students with a working background in accounting, while General Business gives students an essential preparation in the field of business.

In today's world of changing ideas, MHS's Business Department is adequately preparing its students to meet the challenges which they must face.

Pat Byrne and Paula Smith look on as fellow student Judy Hafer hands in her perfectly transcribed letter to Shorthand II instructor, Sister Margaret.

Practicing writing checks are General Business scholars Acel Horan, L'Gena Mattingly, Robert Murray, and Mary Balkenbush.

Eloise Wells, Pat Byrne, Judy Hafer and Carol O'Rielly accurately tabulate facts with the machines in their General Business course.

Speakers Speak Speeches

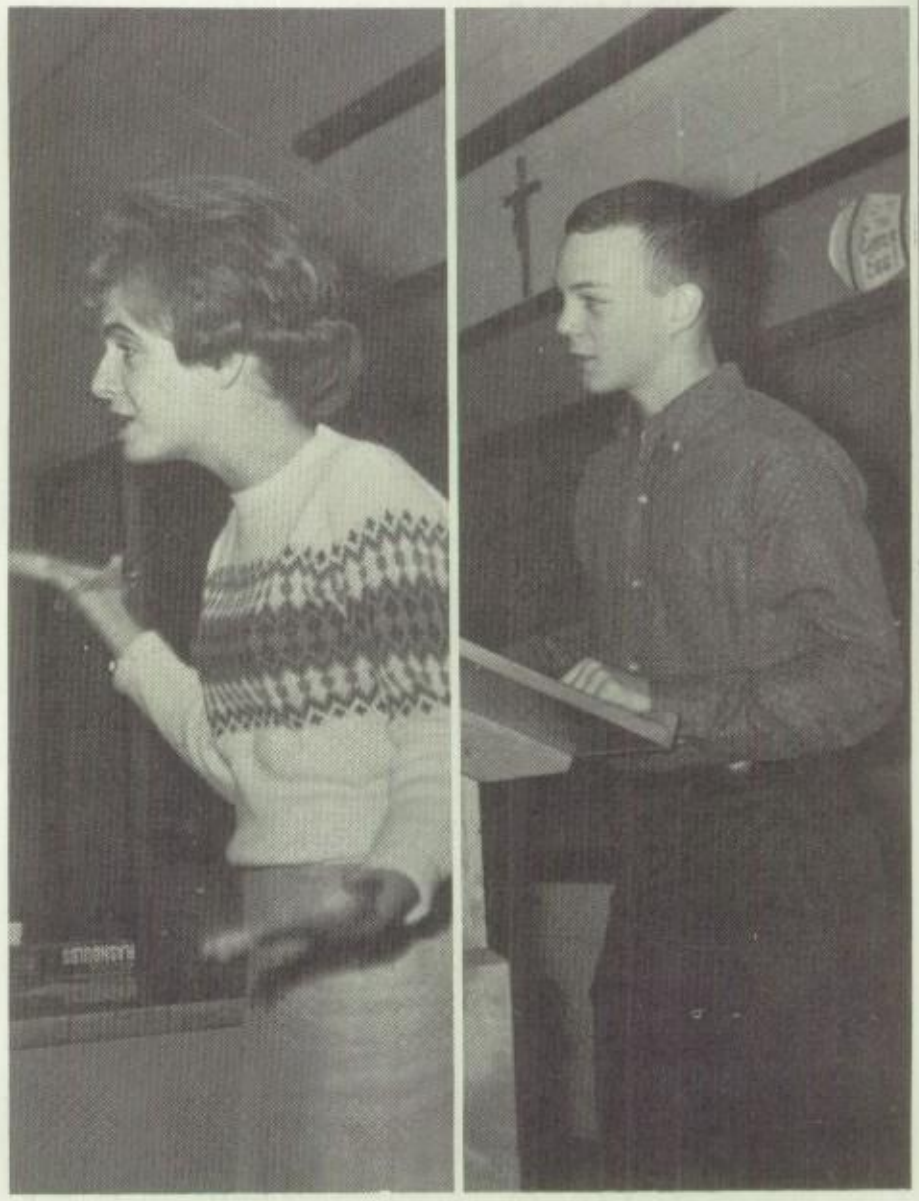
Everybody can speak. But, in order to obtain expert use of this faculty, it must be carefully developed.

Speech I and II classes at McGuinness, under the guidance of Mr. Sam Waken and Sister M. Stephen, O.S.U., learn to develop this form of self-expression.

First, basic principles of speech and speech composition were studied. Then these were put into practice in the form of everyday conversations, interviews, and informative and extemp speeches. After much hard work and practice, the "beginner's" handicaps of nervousness and forgetfulness were transformed into poise, calmness and self-assurance.

The remainder of the year saw the classes working on oratory, dramatic and humorous reading, poetry interpretation, and radio speaking, with the Speech II students in each field representing McGuinness in tournament work.

The ever growing Speech Department at McGuinness provides not only a creative outlet for the students, but also a chance for student improvement on both the academic and social levels.



Mandy Antrim and Bill Burton demonstrate both energetic and calm delivery of speeches for Mr. Waken's Speech I classes.

Mr. Waken's Speech I class looks on hopefully and amusingly as Mr. Waken adds his criticism.

Journalists Voice MHS News

The rapid clatter of a typewriter, the frantic rush of harried reporters trying to meet the deadline, the smell of the newspaper fresh from the press—sounds exciting? Sure it does; but this is far from all that goes into the twice-monthly publication of the "Chi Rhoan," the voice of McGuinness.

The learning reporters and tri-editors Diane Bartlebaugh, Mary Borelli, and Sharyn Mack under the supervision of Mrs. Ann Teague, staff supervisor and instructor, poured sweat and soul into publication, trying to present it as the truthful, living record of McGuinness life.

The responsibility of the paper is alternated by the fifth and sixth hour journalism classes. Along with the credit for publication goes the difficult, dirty work of copy reading, headline writing, proof-reading, and, of course, the folding of more than 800 issues. And just when the class thinks the paper's "in bed," it's time to start work on the next issue.

Artists Continue Creation

This year art students learned many new and interesting facts under the direction of Sister Mary Stephen, O.S.U. They were taught that art is essential to the whole range of man's industry and that it is fundamentally constructive and creative. It is the faculty of producing a new creature, an original, capable in its turn of moving a human soul. The artist is an associate of God in the making of works of beauty. Artistic creation does not copy God's creation, but continues it.

The aspiring artists used numerous media in creating this year. Collage, rubber stamp design, tempera, scratchboard, pencil, pen and ink drawings, pastel, and watercolor were a few of these. They also studied the masters of art and their creations from different periods in history.

An important element the students learned was using their free time in a profitable way. This knowledge can be carried with them out into the world and be put to use in an advantageous manner.

Singing along with Sister Salome, chorus director, are these first hour freshman and senior choristers getting tuned up on "Climb Every Mountain" from "The Sound of Music." This was one of the selections from Rodgers and Hammerstein productions which set the theme for McGuinness' second annual choral day held in March. Five other choruses participated.

Choristers Sing and Sing

Should a wandering student happen to venture down a little corridor by the auditorium, he would be in for a delightful surprise. Behind the heavy double doors of Room 30 resides the Music Department of McGuinness High.

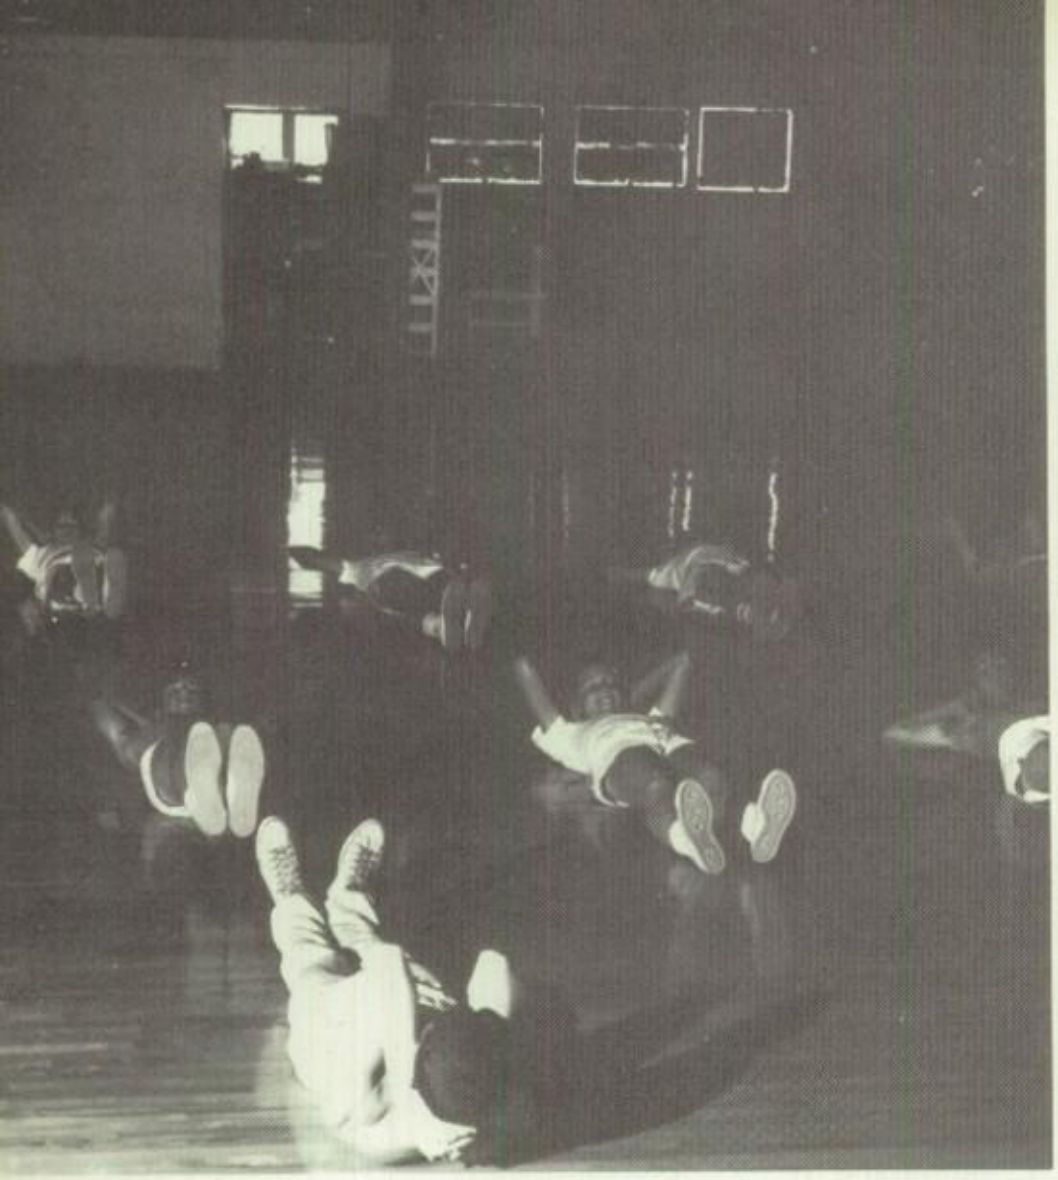
Rodger's, Hammerstein, breath control, and enunciation are familiar words to the students under Sister Salome's expert guidance. Almost all scores are learned in four-part harmony, and this is only the beginning.

Students learn to pronounce each word in exaggerated tones, where and when to take breaths, and how to listen to others to keep pitch.

It is obvious that work goes on in the Music Department and the result is choral productions with a professional air.

The Christmas Contata, for example, was the dramatic sung story of the life of Christ, featuring soloists and the entire chorus.

Much can be said, too, for a stunning performance of "Cinderella." The final musical event of the year was the Rodger's and Hammerstein choral day which was hosted by the McGuinness chorus students. This program featured selections by individual guest schools and, at times, the entire group.



Coach Joseph keeps his Phys Ed I class in good shape with much "strenuous" exercise.

Minds, Bodies Expand By Physical Education

Who said phys ed is for boys? Mrs. Alice Swann and a large per cent of M.H.S. females have proved this statement entirely wrong. This is one course that will surely add variety to any girl's curriculum. Tumbling, basketball, acrobatics, baseball, modern dance, field hockey, and volley ball all fill up the fifty-five minutes of a typical class. Sprains, scratches, bruises, fractures, and black eyes show up frequently in the daily routine of the girls' calesthenics period.

But the boys are not left in the background either. Mr. Eddie Joseph, boys' phys ed teacher, keeps his pupils equally busy with a program designed for active participation by all. Basketball, wrestling, baseball, weight lifting — and of course exercises — are some of the activities which are the basis for further groans.

McGuinness' Physical Education program is largely dominated by freshmen. Students have their choice of phys ed every day or alternating chorus or study hall. An active body goes hand in hand with an active mind, McGuinnessites believe.

Physical education students Pat Aaron, Mary Krueger, Joyce Hollier, Dodie Wells, Betty Fisher, Rita Jackson, and Cindy Kemper look on as Marty Terwelp balances Cheryl Pata in a pre-tumbling exercise.

"Should I or shouldn't I," ponders Lora Buttenhoff as she tries her luck in the "Taste Test." Also with her are Betty Worlow, Gail Kaiser, Cheryl Pata, and Mary Hood.

Home Ec Strives For Active Women

Sister Marie Goretti, O.S.B., has been given the task this year of forming the homemakers of tomorrow. Home Economics can be divided into many independent fields of study, but the primary purpose of home ec is education for personal and family living. The personal aim is toward forming a more complete woman who will be able to take an active part in American society. Along with personal education of the young woman, home economics tries to instill a knowledge of family living through the study of varied subjects. Among the topics covered in the courses are foods, clothing, child care, interior decorating, budgeting, and home planning, all of which are aimed toward education of the individual.

One of the most important ideas which the students in this department discover is placement of material values in proper contexts. The student learns where material goods should be placed in order to achieve a Christian atmosphere in her life and, if she chooses the married state, in the life of her family.

Home ec then is not merely a cooking or a sewing class, but rather a course which meets the needs of the individuals and helps form adults for tomorrow.

A smile of satisfaction appears on the face of Carolyn Freeny as she finishes the sleeve on her new dress.

Book Store

Assistants to Sister St. Basil, S.P., in the book store this year were seniors Pat Byrne, Margo Olivares, Karen Braun, and Susan McAdams. These girls volunteered their study halls during which time they acted as keepers of the store. Their duties included selling supplies, unpacking books, making deposits, and keeping the room clean.

Putting away a new supply of spiral notebooks is one of the many jobs of the bookroom workers.

Office

Working with Mrs. Bellows, attendance officer, this year was an efficient corps. Johnna Reinauer, Mike Stank, Judy Maschino, Peggy Keefe, Patty Hunt, Alice Corff, and Joe Adams performed such duties as typing, filing, answering the phone, collecting and distributing absentee reports, and "running."

As a new shift starts Patty Hunt fills Alice Corff in on the latest happenings in the school office.

Library

Library workers performed various duties for Sister Mariquita, O.P., librarian. Checking books in and out, shelving books, helping get new books into circulation, and typing were only some of the jobs handled by Tony Bosworth, Patricia Gheen, Philip Hood, Pam Dolese, Shirley Jones, Mary Alice McQuillen, Diane Archer, Mary Lynn Duncan, Marilyn Mejdrech, and Jane Thompson.

Pam Dolese and Shirley Jones cheerfully go through the steps of checking out a book, one of the chores of a library worker.

National Honor Society

Doris Hellinghausen lights the candle for Scholarship during ceremonies for the induction of new members into the National Honor Society.

Lorraine and Mr. and Mrs. William Fuchs receive refreshments from Mrs. John Fitzgerald, one of the hostesses at the tea following the National Honor Society induction.

National Honor Society members are front row, left to right, Linda Shea, Carol O'Reilly, Sharyn Mack, Joy Rice, Barbara Heinen, Barbara Schrempp; second row, Charlene Heinen, Mary Schneider, Lorraine Fuchs, Molly Drea, Doris Hellinghausen, John McAdams, and Jane Burke; third row, Marijo Thompson, Mary Alice Farrell, Margaret Love, Linda Peterson, Shirley O'Reilly, Jane Thompson, Patricia Gheen, Judy Hafer, Deborah Stewart; fourth row, James Kubiak, Paula Smith, Sharon Buck, Bill Bernauer, Patrick Fitzgerald, Thomas Brown, Joseph Davis, Donna Shidler, and Mary Flanagan. Not pictured, Bob Minnis.

In 1961, MHS received a charter into NHS. The National Honor Society is an honorary organization which gives recognition to those students who have shown themselves to possess above-average qualities in four categories. Scholarship, Service, Leadership, and Character are the areas in which one must excel before he can become a candidate for NHS.

Besides giving honor to superior students, National Honor Society is also an active body in the school. Members of the organization helped with the distribution of the National Merit Scholarship Test in the early spring. They aided the faculty in administering the Freshmen entrance exams in the autumn. Another activity in which they took an active lead was the scholastic phase of the McGuinness Olympics.

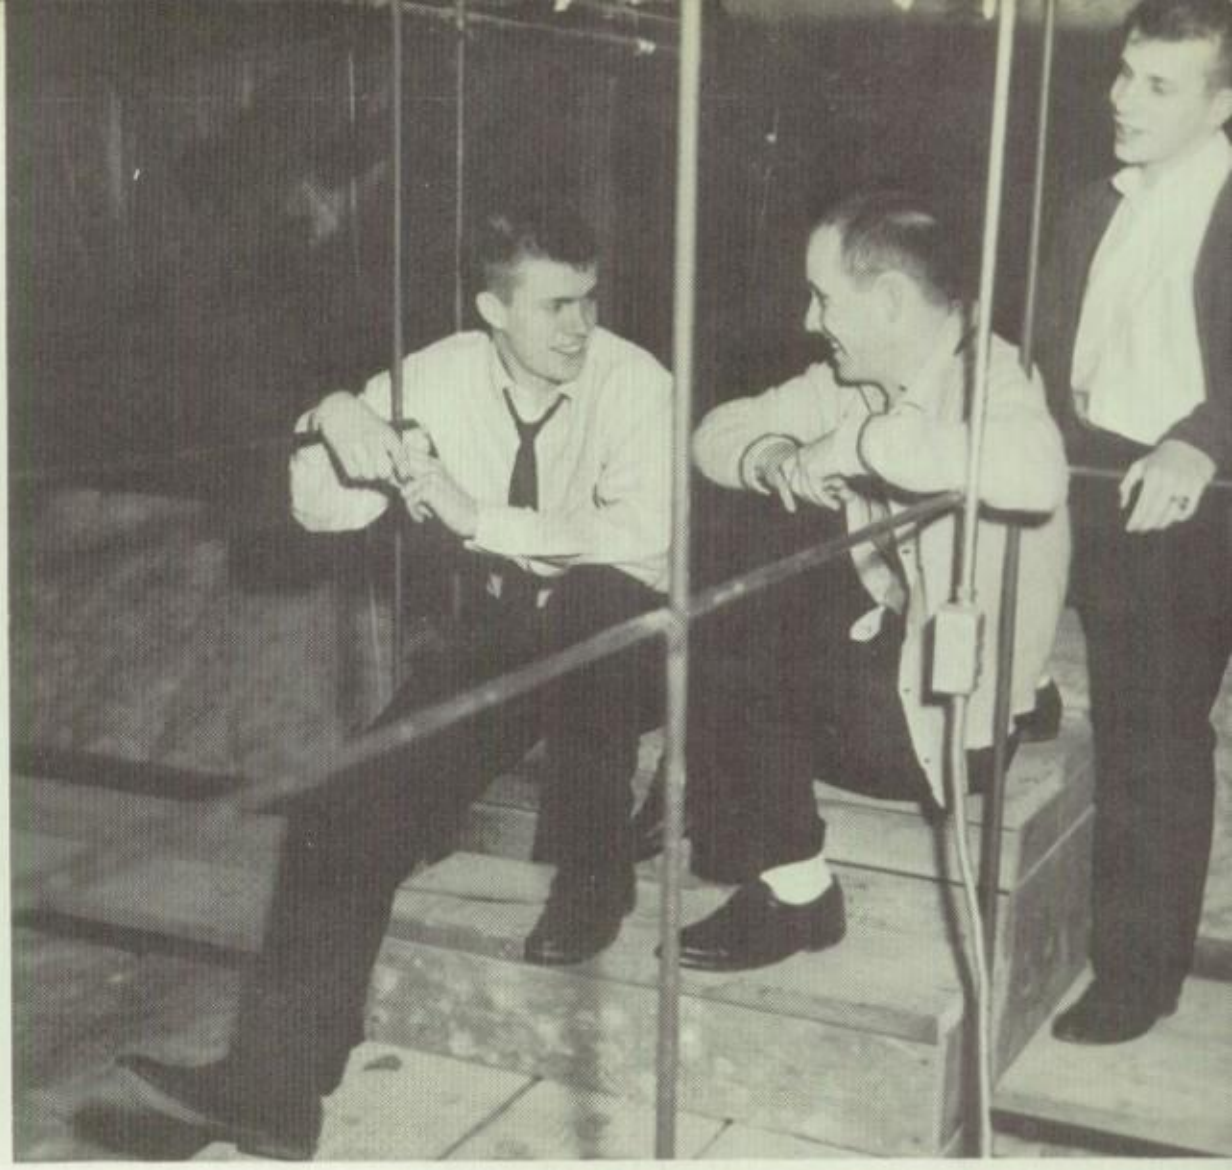
Officers in this year's society were Patrick Fitzgerald, president; Doris Hellinghausen, vice-president; Carol O'Reilly, secretary; and Robert Minnis, treasurer.

Ron Ercolani readies liturgy readings as Mass crowd assembles in auditorium.

Liturgy

This year a new organization appeared on the activities' scene at McGuinness, the Liturgy Leaders' club. This group of boys had charge of the liturgical function of assisting the priest at Mass as well as the reading of the Mass Propers and the leading of the student body in the prayers of the Mass. The expressed purpose of this club was to make the Eucharistic Banquet more meaningful to the student participants.

Serving as officers of the club were Bob Vann, president; and Pat Fitzgerald, vice-president.



Auditorium provides effective hideaway as Operators Jim Simms, Gardner Carter, and Jim Embree hold a gap session over the insulated ceiling.

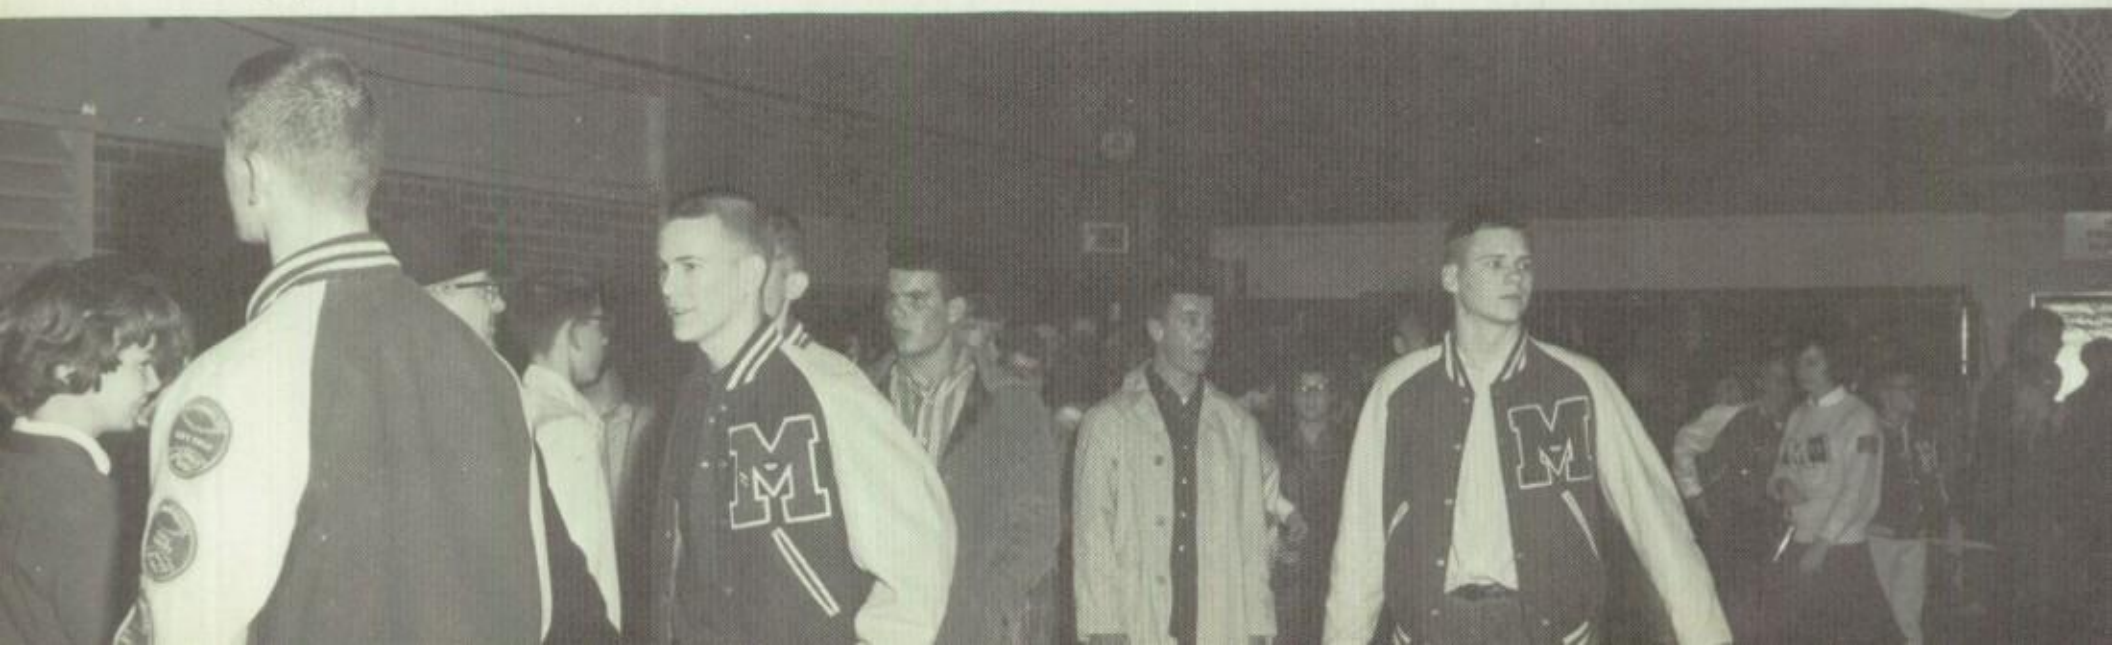
Operators' Club

During the past year, the Operators club has performed many valuable services for MHS. The Operators club has been active in the production of many plays, done sound and lighting for assemblies, shown countless movies, and has done many other visual aid tasks to help the school. Officers of the club are Bob Jarrell, president, and Mike Tullius, vice-president.

Lettermen

Responsibility marks the position of the MHS Letterman's Club this year. Under the leadership of seniors Don Lamb, president, and Pat Ryan, vice-president, the newly named "M" Club has emerged as a truly active club. The club has helped the school by the selling of advertisement for the Christmas tournament, the promoting school spirit by pep rallies and interschool mixers and the selling of advertisement for the school musical.

Jovial post-game crowd pushes through gym as Lettermen Bob Hagey, Ron Poole, and Keating Hagmann hold court boundaries.



Attention focuses President Norma Boyer, senior, as CSMC home room representatives assemble for a mission movie showing.

C.S.M.C.

The Catholic Students' Mission Crusade was organized this year at McGuinness by Sister Margaret, S.P. The officers were Norma Boyer, president; Mike Grace, vice-president; Judy Hafer, secretary; John McAdams, treasurer; David Pipkin, parliamentarian. The C.S.M.C. has as its purpose the promotion of prayer, study, and sacrifice on behalf of the mission apostolate. It makes the Catholic students of the United States aware of the general missionary work of the Church in all parts of the world.

The program at McGuinness was centered around Latin America. Discussion groups were organized among the students for the purpose of studying the religious, social economic, and political aspects of Latin America.

Key Club

Key club, in general, is a service club for boys from the tenth, eleventh, and twelfth grades in high school.

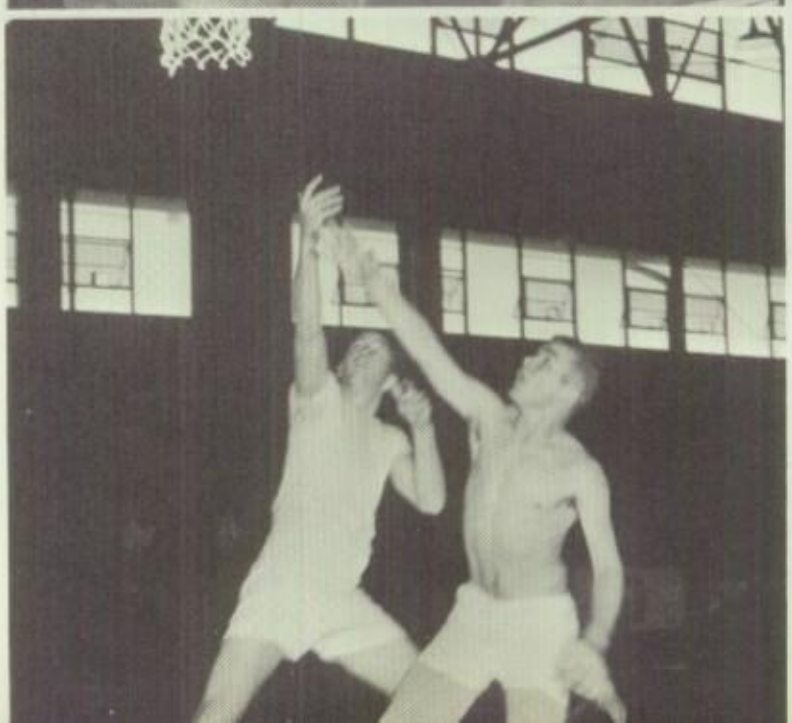
A Key club operates like most clubs but is uniquely different. Its uniqueness stems from its sponsorship, its aims, and its program.

Under **sponsorship** a Key club is unique because it is sponsored by the leading business and professional men of the community. Under **aims** a Key club is unique because it strives for the development of initiative, leadership ability, and good citizenship practices. Finally, under **program,** a Key club is unique because of the service projects it carries out.

The McGuinness High Key club strives to be such a club. President of the club is Mike Bible; vice-president, Ron Ercolani; secretary, Tom Brown; treasurer, Jim Tucker.

Key clubbers Reece Van Horn, Tommy Brown, Terry Seymour, juniors and Tom Cody, sophomore, load up for weekend Key club convention trip.

Olympics



Olympics

Our third annual McGuinness Olympics were launched on March 7, 1963, with the lighting of the Olympic torch. With this first symbolic action, preparations were begun for competition in the four contest divisions. Representatives were carefully chosen for the Bowl teams, and for the spelling contest in hopes of capturing a prized first place. Calisthenics, basketball, and volleyball teams competed vigorously in the athletic division, while the gentler talents of our students were unveiled in the performing, creative, and practical arts — a new division this year. Everyone had a chance to get into the act with the school improvement projects, which ranged from painting the chapel to building a fishpond, and which are undoubtedly serving their purpose of beautifying the school. Each division ended with one final activity. First came the end of the scholastics with the averaging of the third quarter grades for each homeroom, followed by the talent show of the performing arts finalists. An all-school field day ended the athletics, and final judging of the projects brought praise and points to the winners.

Greg Burns, sophomore, proudly displays some of his prize-winning art work. His pen and ink sketch on the left took first place in the Olympic visual arts contest.

Mary Lu Bravo, busy painter for her homeroom, does a fine job of daubing herself and this bench in one of the gym locker rooms.

It's jump and into the sand for frosh Steve Sprehe and senior Tom Cook at the Olympic field day high jump and broad jump.

School improvement projects required a great deal of enthusiasm and hard work, as is demonstrated by freshmen Mary Trumbly, Susie O'Brien, Mike Ward, and unidentified friend.

Paint-blackened gym windows helped Junior Homeroom 15 place fifth in school improvement.

New orange and white walls in the chapel took first for this anonymous senior worker.

The start of the girls' fifty-yard dash and the finish of the boys' relay were just two of the exciting events of the Olympic field day.

Talented sophomore pianist Catherine Newman won first place in the performing arts contest with a lively rendition of a difficult concerto by Hayden.

Also participating in the performing arts activities are, pictured left, Mary Schneider (don't you recognize her?), and, right, Martha Moutray and Sheri Reinauer "at Carnegie Hall."

Bob Vann as Colonel Purdy

Mike Snook as Captain Fisby

Margie Bane as Lotus Blossom

Student Director

Jane Burke

Lotus Blossom, the geisha girl, (Margie Bane) charms her audience with an Oriental dance, using the teahouse as her background.

"Where in the hell is my adventure magazine?" shouts Colonel Purdy (Bob Vann) in exasperation.

Captain McLean (John McAdams) uses the Tobiki village goat (Jenny Newman) as the guinea pig for testing "Seven Star Batata," the villagers' own whiskey concoction.

Herbert (Joe Adams) remains calm as his father erupts at the hated chess check-mate.

In a curtain call pose, "Monkey's Paw" cast members wait for a final practice session of the play in which unhappy tampering with destiny causes family disaster. Left to right are Ron Webb, Paula Smith, Joe Adams, Mike Tullius, and Ray Hain.

Horrified silence is reflected by John White (Ron Webb) at the news of his son's death. Jenny White (Paula Smith) is broken by the news.

Spring Plays

Come into a world of comical morality, romantic fantasy, and mysterious excitement, and you will see the three one-act plays presented by the Queen's Players, this spring.

The first play was "The Parade at Devil's Bridge," a satirical morality play student directed by Marianne Harbison. The second play was "The Maker of Dreams," a light fantasy directed by Jenny Newman. The last play was "The Monkey's Paw," an exciting mystery play directed by Charlene Craig.

Sister Judith, O.S.B., and Roger Lochhead were in charge of the productions.

Satan (Mike Grace) bursts demonic laughter at his human "friend's" mistake.

"I don't want a cat: I want a soul," screeches Satan (Mike Grace) as his hellish plans are fouled by a wise but a soul-less cat, Joe Heberlein. Frank McMann, Marcella Steger, and Tony Bosworth also figured in The Parade at Devil's Bridge.

Mathurin (Tony Bosworth) expounds the virtues of the simple Fr. Kado as the satanic peddler (Mike Grace) listens with intent but sly expression. Gary Massad (seated right) was stage manager and on-stage director for the performance.

Lovers Pierrot (Tim Walker) and Pierrette (Camille Kostka) bloom under the impish eye of their dream maker (Rex McLaughlin).

Empty dreams are filled as little Pierrette (Camille Kostka) finds the answers to her "hungry heart" in her love-struck Pierrot (Tim Walker).

"Impossible things are happening every day." Perhaps that's so; but in any case the fairy godmother (Norma Boyer) seems to be throwing her magic around a bit.

"Very well, your Majesty," says chef Tony Gappa as he and the steward (Bob Scheer) prepare for a royal feast.

"Our vituperative little sister (Rita Dowling)" aparently is having a wonderful time as she finishes the waltz with her prince (Mike Tullius).

"You mean it's slightly swollen from the knee," says Portia (Mary Schneider) as court officials Pat Fitzgerald, Charles Biscoe, and Jim Dilis wait to see if Joy's (Kathy Dobelbower) foot will fit.

Father Zagar "calmly" asks for a retake.

Cinderella

Rogers-Hammerstein musical **Cinderella** was the McGuinness Music Department's selection for their winter performance. The Rogers-Hammerstein version of **Cinderella** is based on the fairy tale but disguises the Prince as a chimney sweep. The play, under the direction of Sister M. Salome, Ad.PP.S. and Father John T. Zagar, ran February 16 and 17. Senior Mary Nell Schnetzler was student director. Acccompanists were Miss Mary Catherine Basolo and freshman Sandra Martin.

Wouldn't you know that his royal highness (Bob Vann) would want marshmallows as the Queen (Rita Novey) prepares the royal feast.

Hard at work on their own interpretation of Wagner, the McGuinness orchestra, under the direction of Colbert Hackler, shuffles through a Saturday morning class. Pictured are Phil Chancellor at the piano; back row: Joyce Tinker, Maureen Maguire, Mike Tullius, John Newman, John McBreen, Terry Gust, Alice Ryan; front row: Bruce Stuart, Donna Shidler, Jim Dilis, Rosemary Dean, and Jacque Leonard.

Orchestra

Newly enlisted in the current curriculum here at McGuinness is the McGuinness High School Orchestra. Under the direction of Herbert Bagwell and Colbert Hackler, the orchestra is running with full speed toward progress. Violins, flutes, saxophones, and trumpets are only a few of the instruments that make up the twenty-eight piece ensemble.

The orchestra is a division of McGuinness' fast expanding Music Department. It is a fine means of intellectual development for all those who participate. Personality and character growth also stem from the mastering of such musical skills.

McGuinness hopes to someday have a large, well-equipped orchestra. It is well on its way to such a reality, and can be highly commended for its excellent beginning.

"Alice, use your fourth finger!" calmly instructs Mr. Bagwell as Donna Shidler, Alice Ryan, and other members of the string section practice diligently.

The McGuinness Auditorium was the scene for the presentation of the Christmas Cantata sponsored by the Music Department this year. Under the direction of Sister Salome, Ad.PP.S., the hundred-voice choir retold in a thirty minute performance the story of Christ's birth as composed by Williams and Ritcher. Featured in the program were four soloists and a trio with Mary Steltenkamp, Rita Dowling, and Norma Boyer.

Susan McAdams, Doris Hellinghausen, Carol O'Reilly, Charlene Heinen, Mary Nell Schnetzler, and Margo Olivares exemplify all the fun and excitement had by pep-club girls on out-of-town trips.

School spirit is a loose word which means many things to many people. To the girl in green who is a member of the Shamrock Pep Club it basically means supporting and promoting a spirit of healthy Christian competition between schools. This is the basic aim of the club, but to say that the pep club stimulates school spirit only in athletic competition would be untrue. A far greater aim is to promote good sportsmanship and to instill a genuine personal love of school and pride in its victories and in its defeats.

The Pep Club is a unified organization and as such must have capable leaders. Connie Kenrick, president; Mary Nell Schnetzler, vice-president; Carol O'Reilly, secretary; along with the cheerleaders and sponsors Sister Joachim and Miss Bosolo have supplied this leadership.

The McGuinness Pep Club helps make our school G-R-E-A-T.

Irish Stack Up Record Year

Surpassing all expectations, the Irish closed the '62 football season with a 9-1 record, the best in an eight year football history. Record after record fell to the Irish pigskinners who were destined to prove that McGuinness was still one of the state's top teams.

No one expected such a tremendous output after the 8-2 season of last year. The Irish picked up where they left off last year by romping past the Guthrie Bluejays 46-14 in their first meeting. The Irish then kept up the clip by whopping traditional rival Casady Cyclones 30-0, for only the second time in the school's history. Then the Irish took revenge on their only losses of last year by edging Northeast 20-16; and by shocking the Grant Generals 6-0 on a last quarter pass from Bible to O'Toole. Riding high on a 10-game winning streak, the Irish were knocked from the state's undefeated list when the Seminole Chieftans surprised the Green and White 20-6.

The Irish bounced back from their lone loss and began the Catholic Conference circuit by sneaking past the Knights 22-14, by cruising past the Kelly Comets 32-0 and by stomping the Commandoes of Cascia Hall 32-7.

Another of the records fell when the Green and White completed its sweep of the city schools by stopping back-of-the-week Vernon Moore and the Central Cardinals 34-24, while Minnis went hog-wild in his personal duel with Moore.

Determined to do better than last year, the Irish scored 50 points and held St. Mary's scoreless to finish the season 9-1 and to outscore their opponents 278-95.

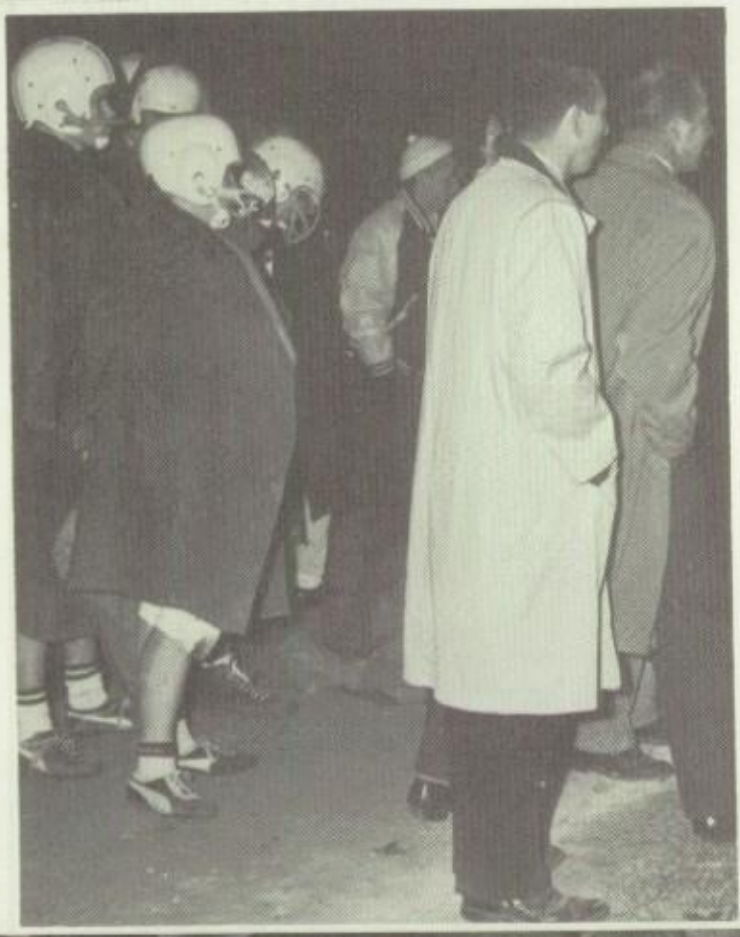
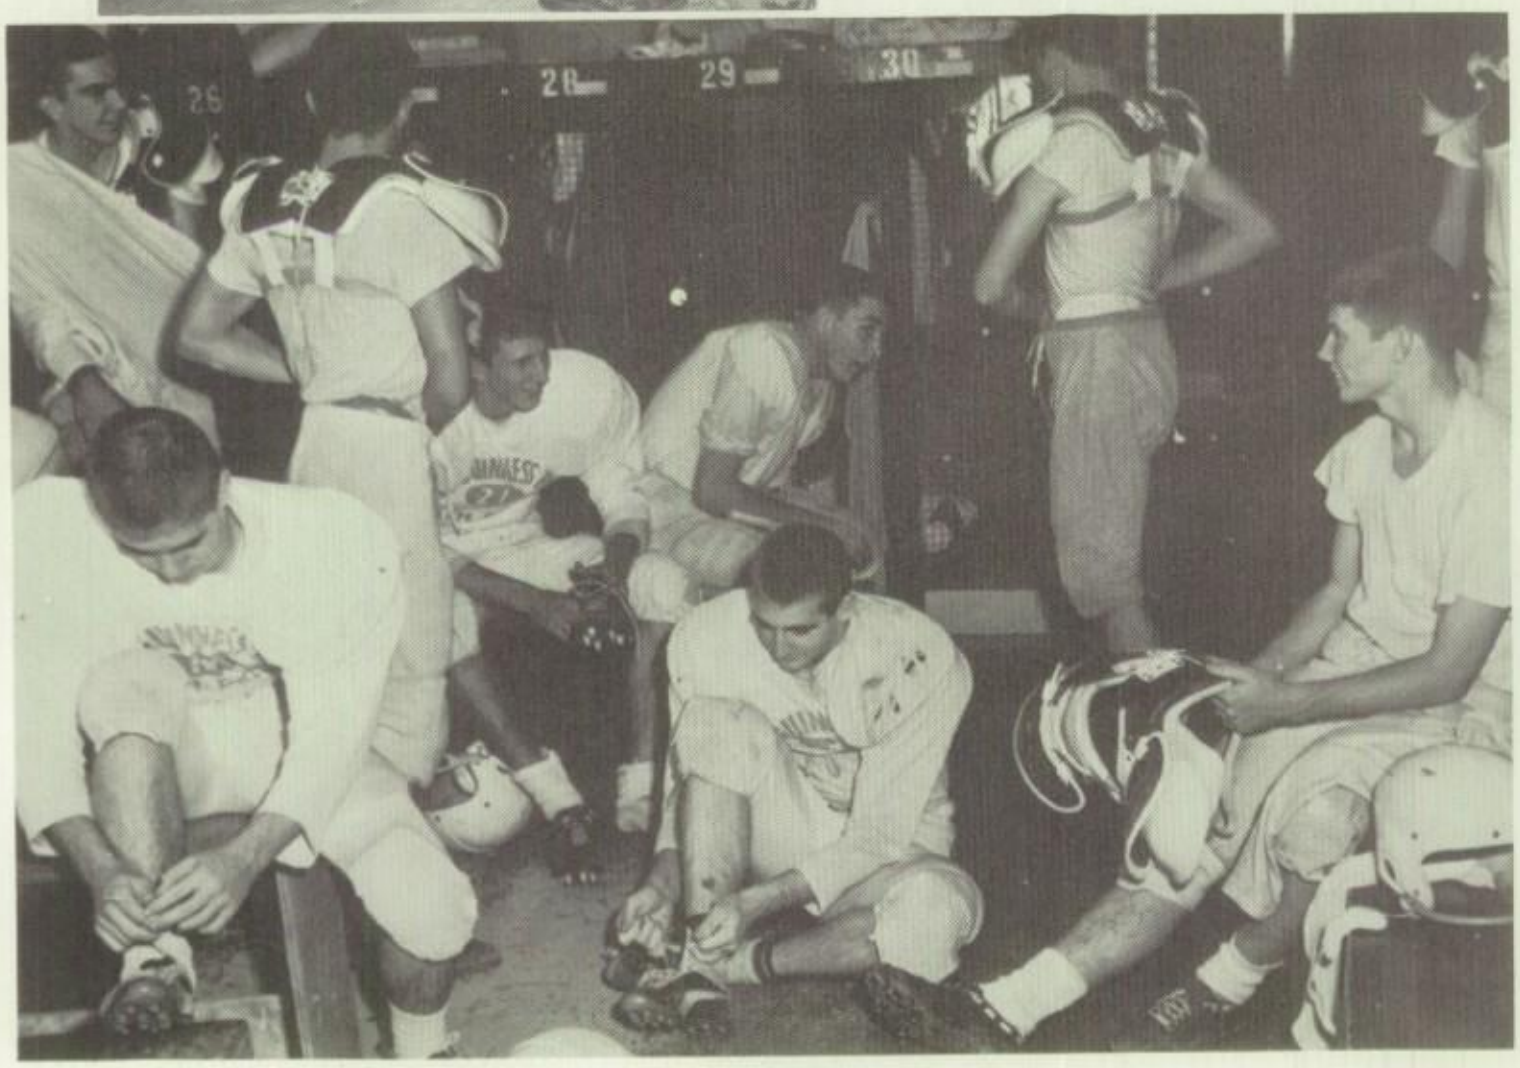
Not to be outdone by last year's 11, the '62 Irish made sure that Coach Joseph would once again be "Coach of the Year." The Irish placed Bob Minnis, Don Lamb, Mike Lepak, Bob Gasper, and Tim O'Toole on both the All-Conference and Little All-City teams; Mike Bible on the All-Conference team, and Ron Poole on the Little All-City team.

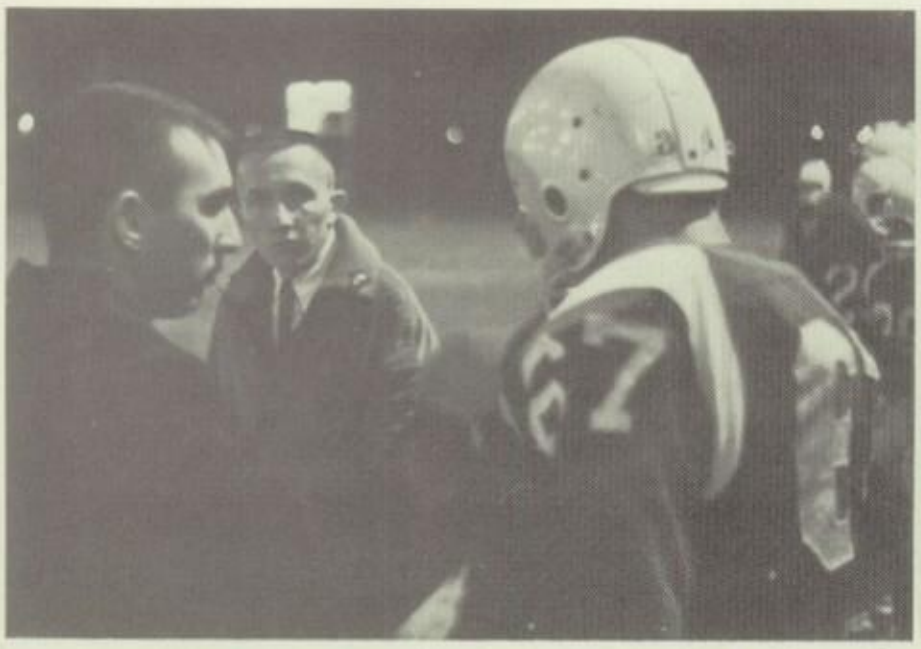
For the three years that Coach Joseph and his crew have come into the athletic spotlight, the prestige of the school as a state football power has come into being. Under Coach Joseph the Irish teams have turned out progressively better seasons by compiling a three-year record of 21-9-1.

Ron Arndt and Keating Hagmann haul down a Blue Jay while Dennis Souza is closing in to make sure of the job.



"Hey! What's everybody so happy about?" voices senior Jim Burkey. "We still have practice today, you know."





"You've got to get tough, son!" voice Coaches Hughes and Grantham.

Coach worries his team to victory.

Bob Minnis looks as if he is in hot pursuit of the goal line as he folows close behind his lead blocker, Pat Harrington

Looks like McGuinness has done it again! Leading scorer for the Irish, Bob Minnis, chalks up another 6-pointer

Even the ambitious efforts of Jerry Ratway were to no avail in the Seminole game. The Irish lost 20-6.

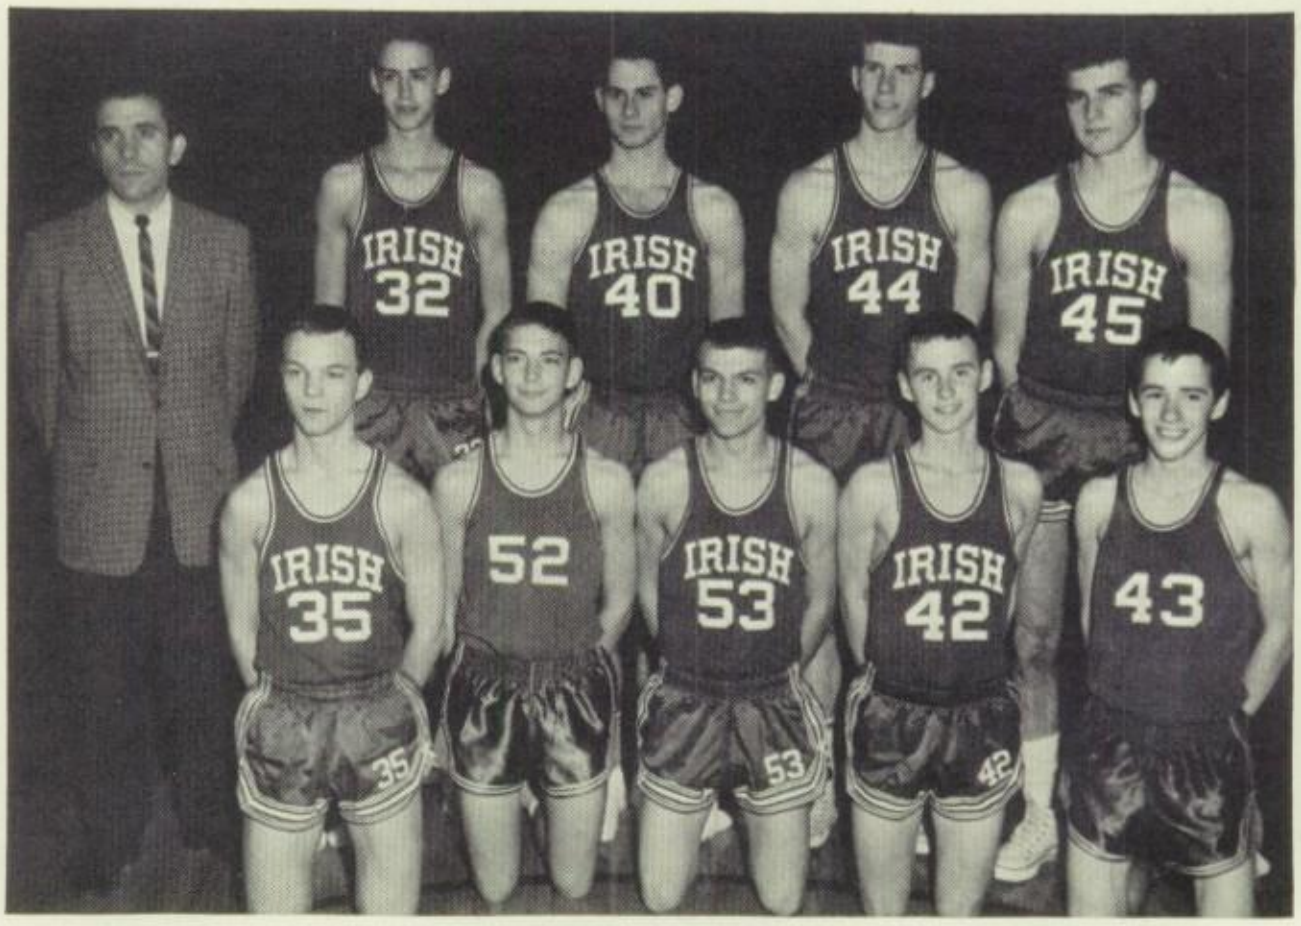
Irish Hoop Up Season Victory

The Irish did it again! Yes the Irish surpassed all expectations as they captured their ninth straight athletic championship while compiling a 15-7 season record.

According to all reports, this year was to be a bad year for the Irish sports-wise, but they broke all records in football and also came out on top in the basketball circles. After the football record, it looked as though one miracle a year was enough but the Irish weren't satisfied. Coming back after a slow start the Green soon caught fire and were riding high on a seven game winning streak with a 4-0 league record, until a loss to the Douglass Trojans.

Not to be outdone by the football champs, the roundballers made sure that Coach Virgil Grantham was conference coach-of-the-year, and that Bob Minnis and Bob Harrington received places on the Little all-city team.

Under Coach Grantham the Irish have turned in the two best seasons in the school's history with a 31-11 record.



Irish "B" squad coached by Don Piccolo are bottom row left to right Bill Burton, Curtis Nolen, Phil Tennery, Jerry Ryan, Tim Ryan. Top row Mike Curran, John Olejnik, Mike Grace, Tim O'Toole.

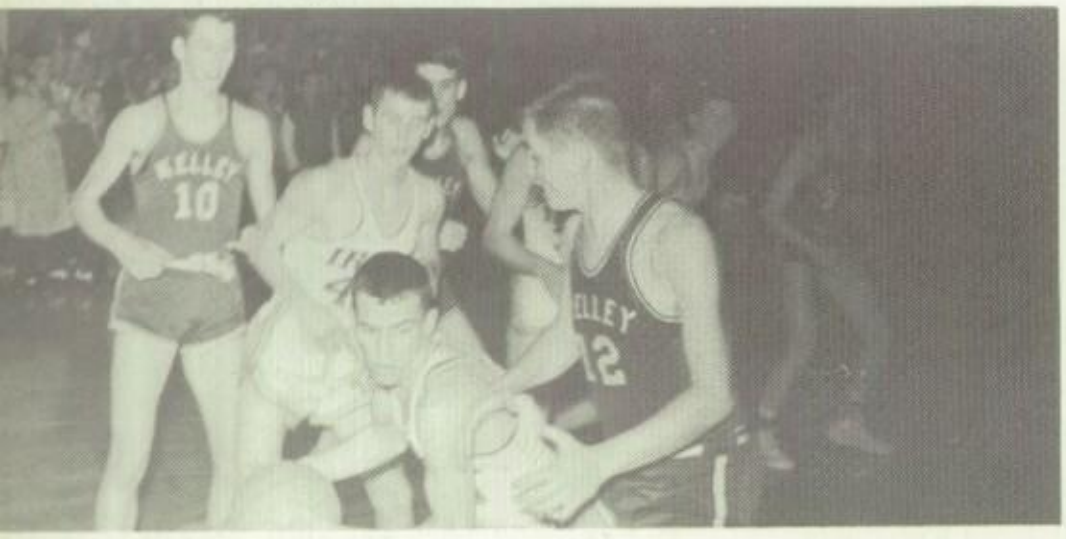
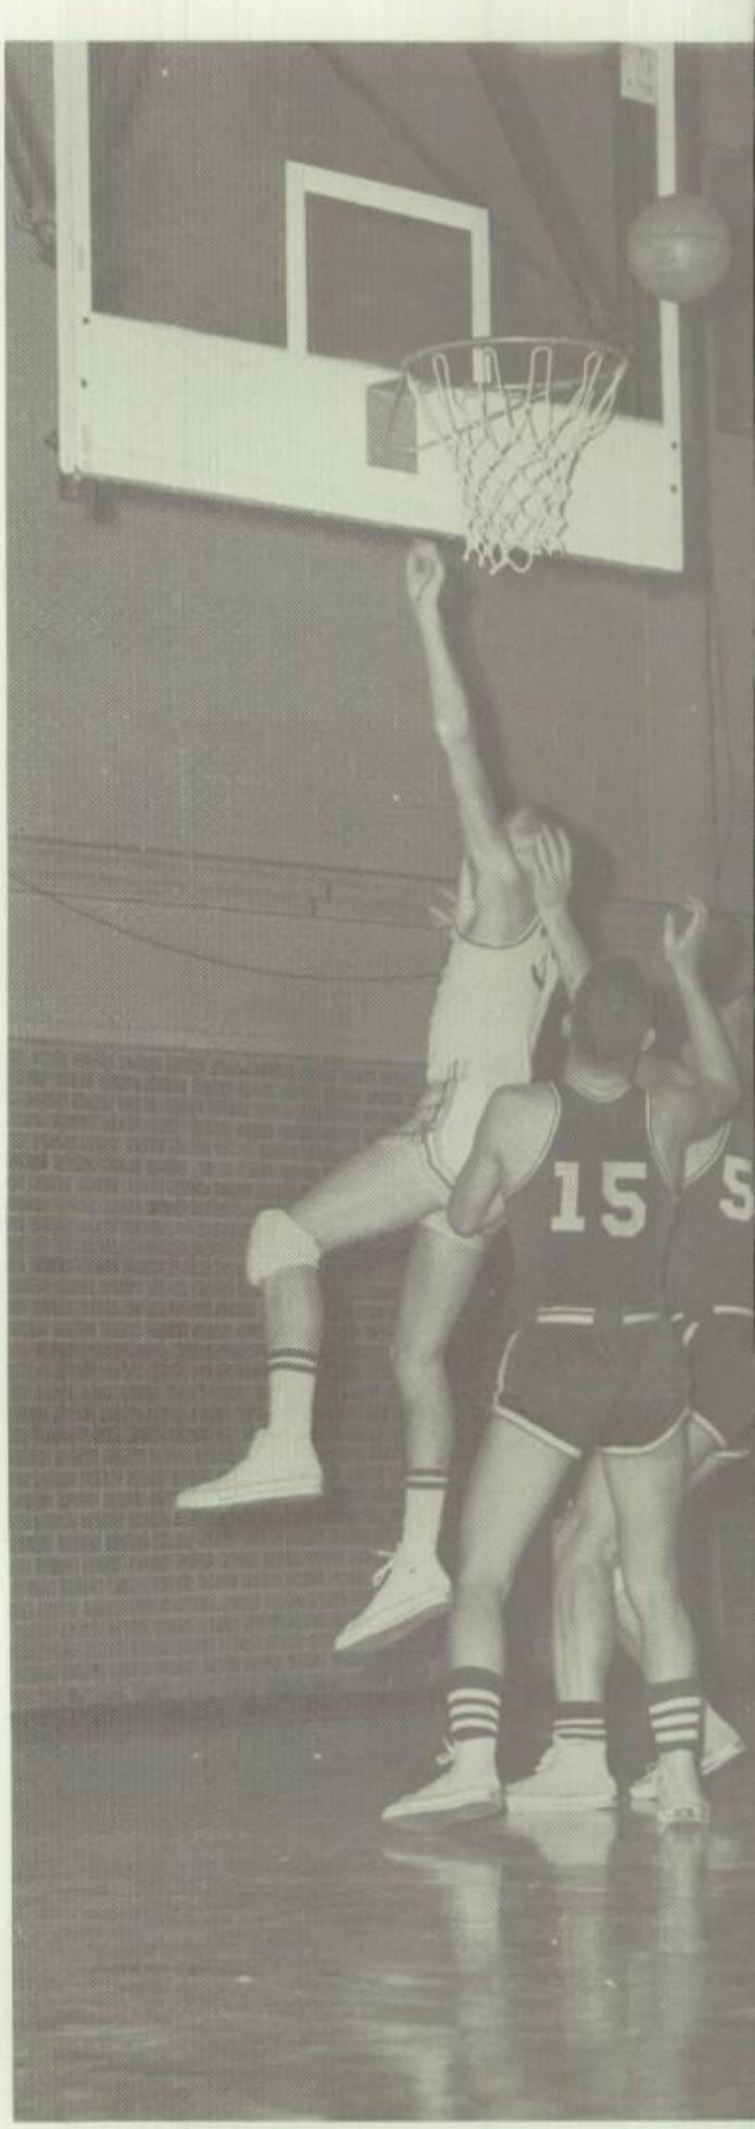
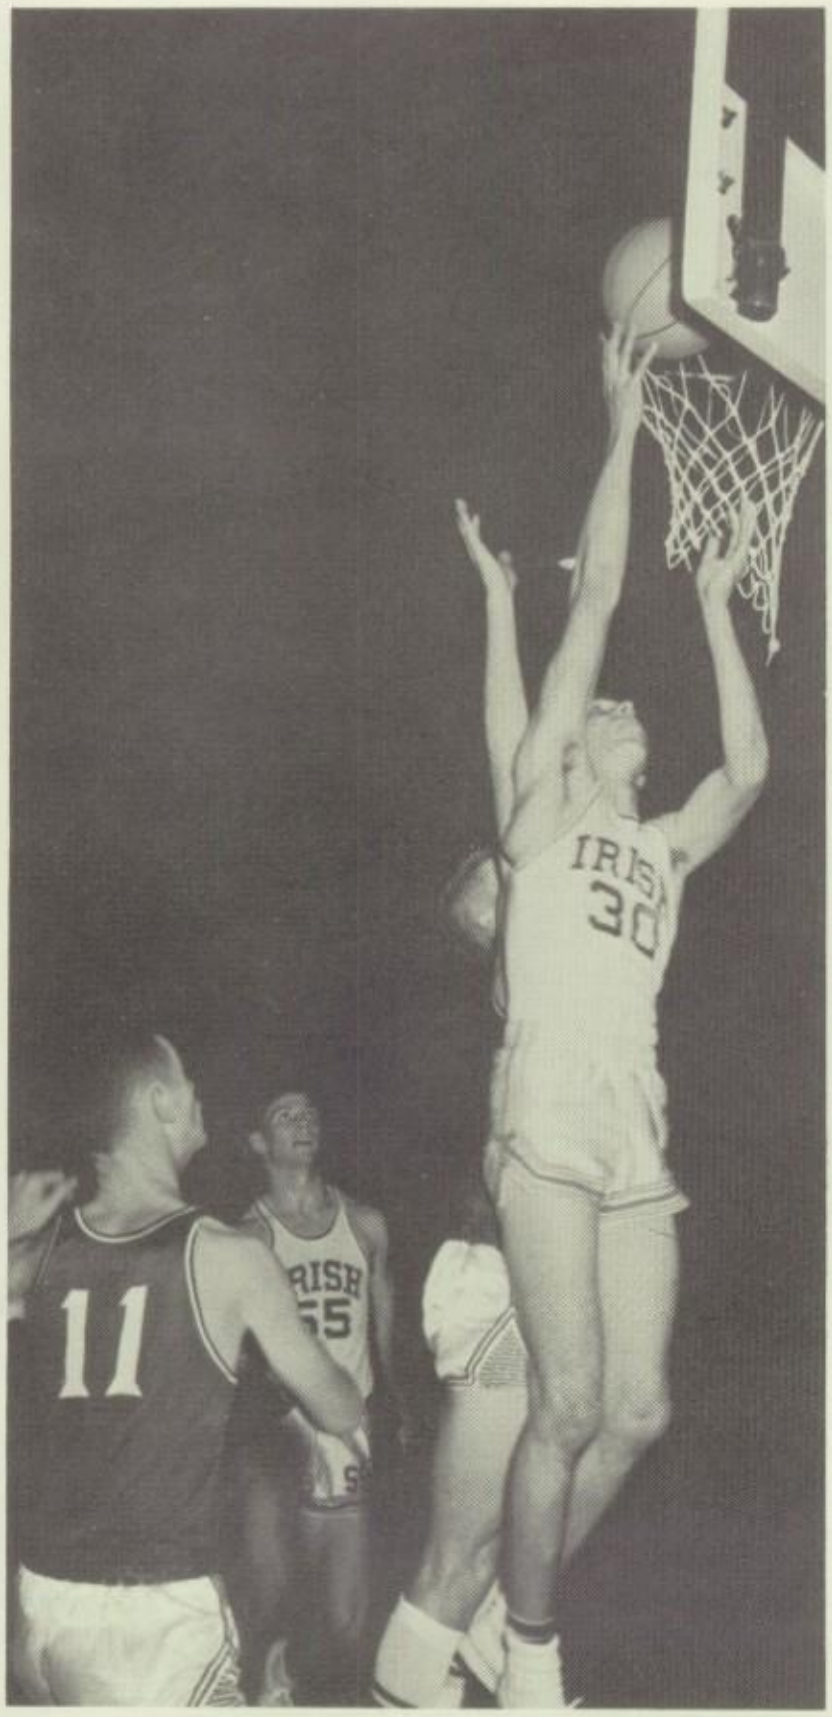
The Irish Jim Nave seems to have things well in hand while Jerry Ryan gives his vote of approval.



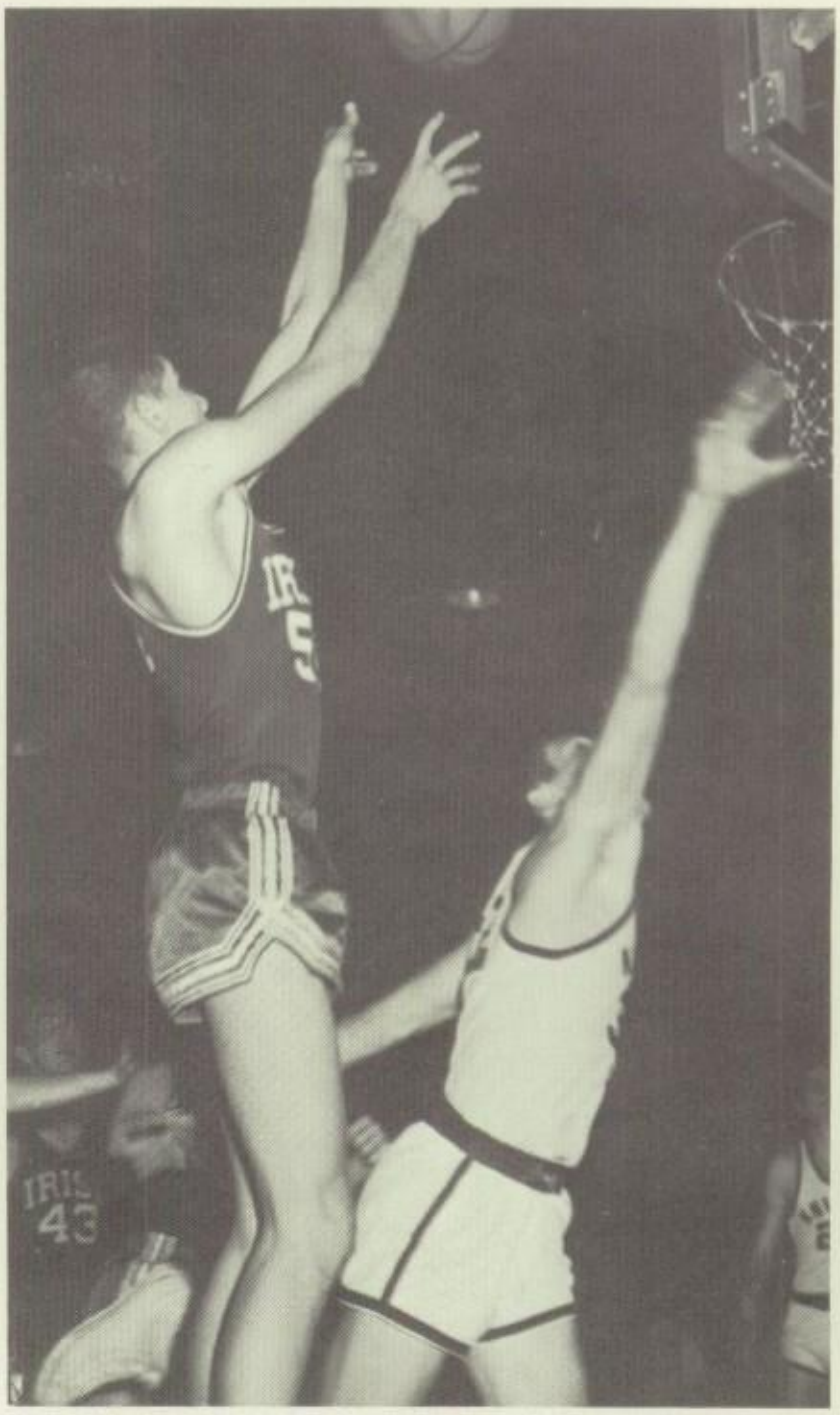
"I could have danced all night," says John Olenjnik; but Bill Burton looks as though he would like to cut in.



Hard driving Bob Harrington chalks up two more points while the opposition waits in vain for the rebound.



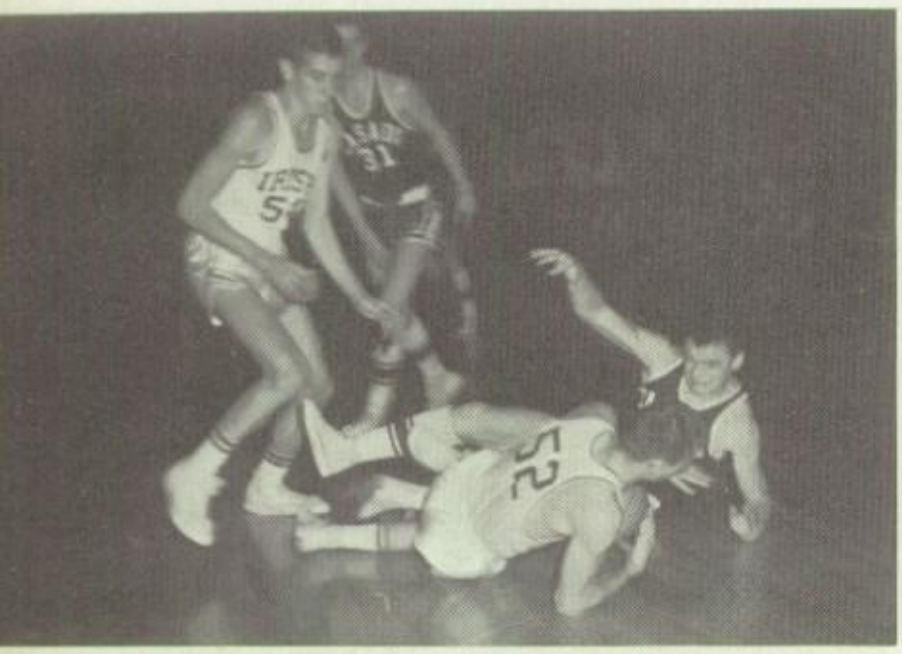
Jim Kubiak reaches high over his opponents to add two more points toward an Irish victory.



Knight Jim Caspar can't quite get high enough to block the Irish Harback.

Basketball or football? Neither Bob Minnis nor the Comet player seem to know as Bob dusts off the valiant referee.

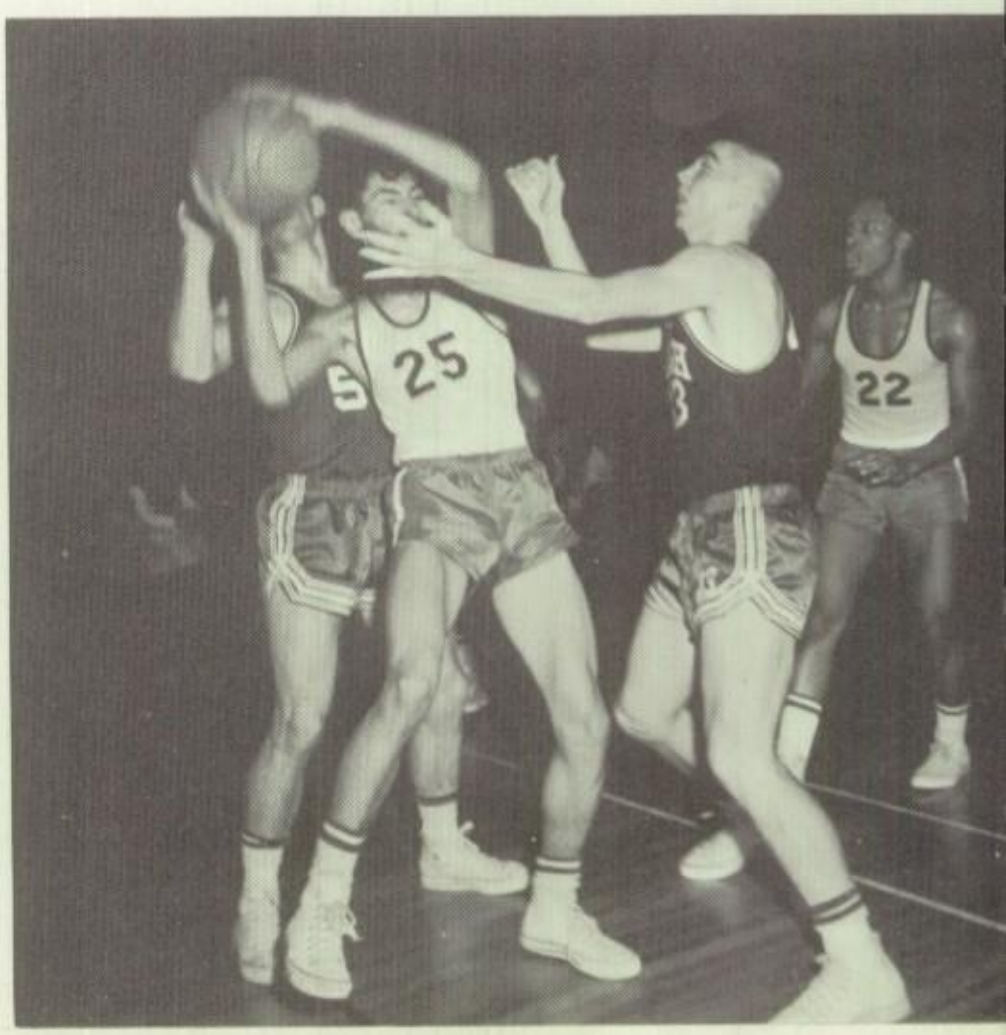
The pride of the Irish: Bob Jarrell, Dean Harback, Russell Nowell, Bob Harrington, and Bob Minnis.

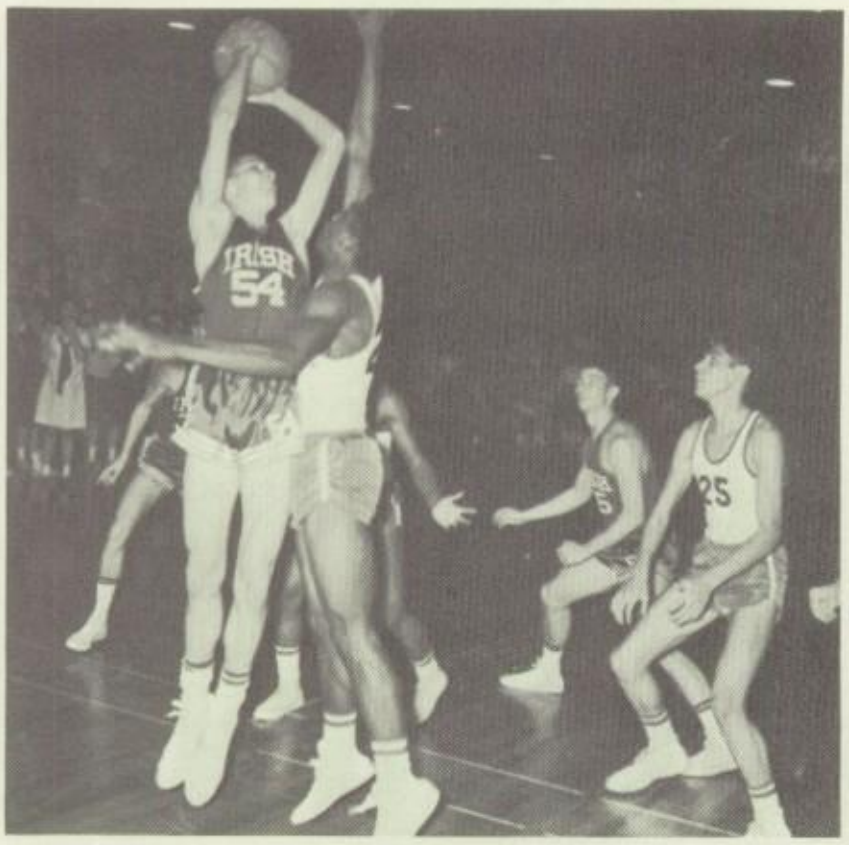


It looks as though a "Cyclone" struck as Bob Jarrell struggles to maintain control of the ball.

The "hairy stickers" of Cascia Hall have Bob Minnis boxed in; never-the-less, the Irish went on to win with little difficulty.

Russell Nowell and St. Mary's Daryl Beatty seem to be twisting the night away to the singing of Ronnie Wilson.





Dean Harback pops in two more points while Rocket Curtis Borders goes high in an attempt to block Dean's shot.

Irishmen Bob Minnis and Dean Harback fight for the all-important rebound.

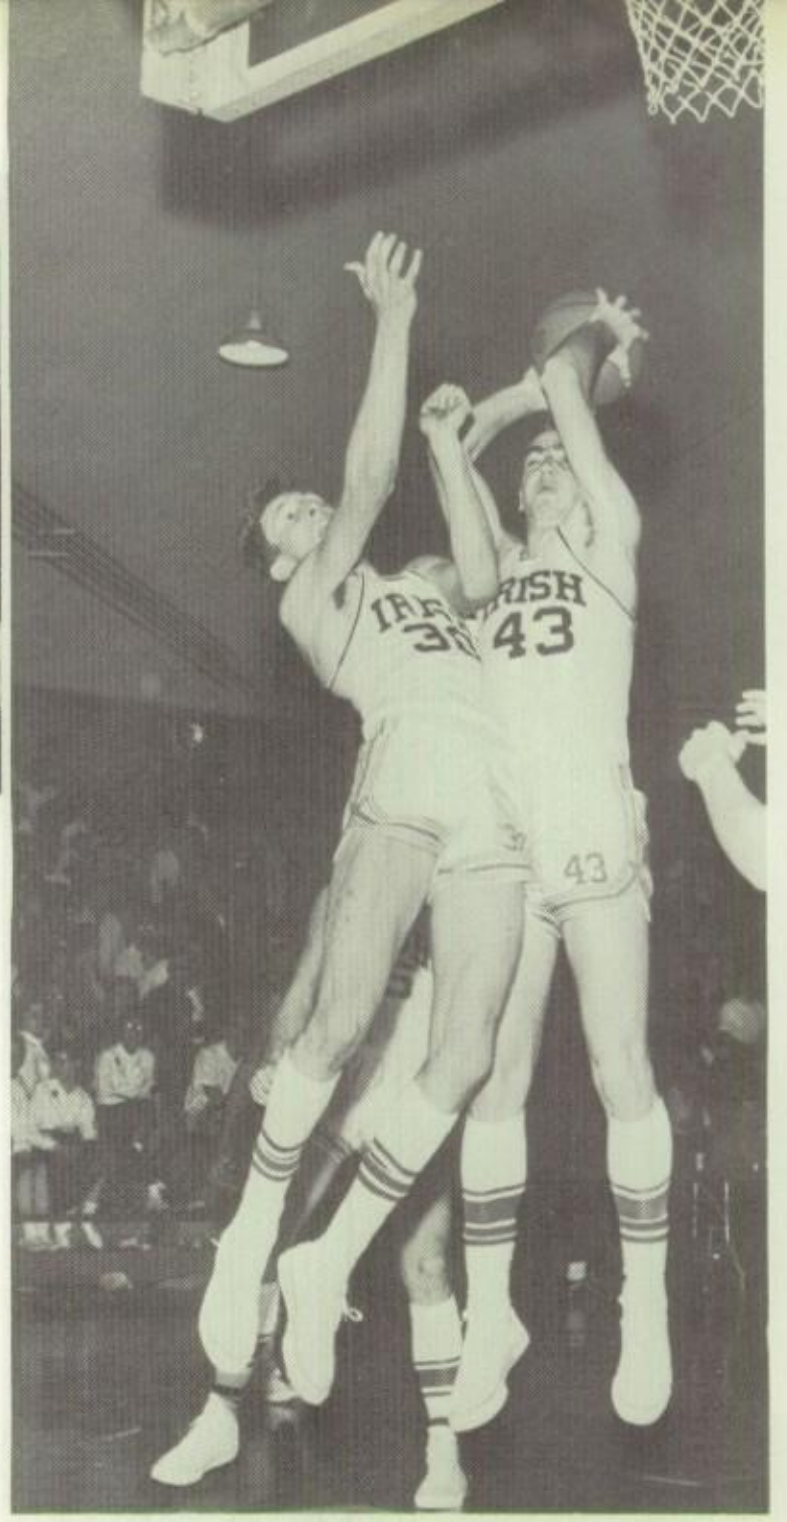
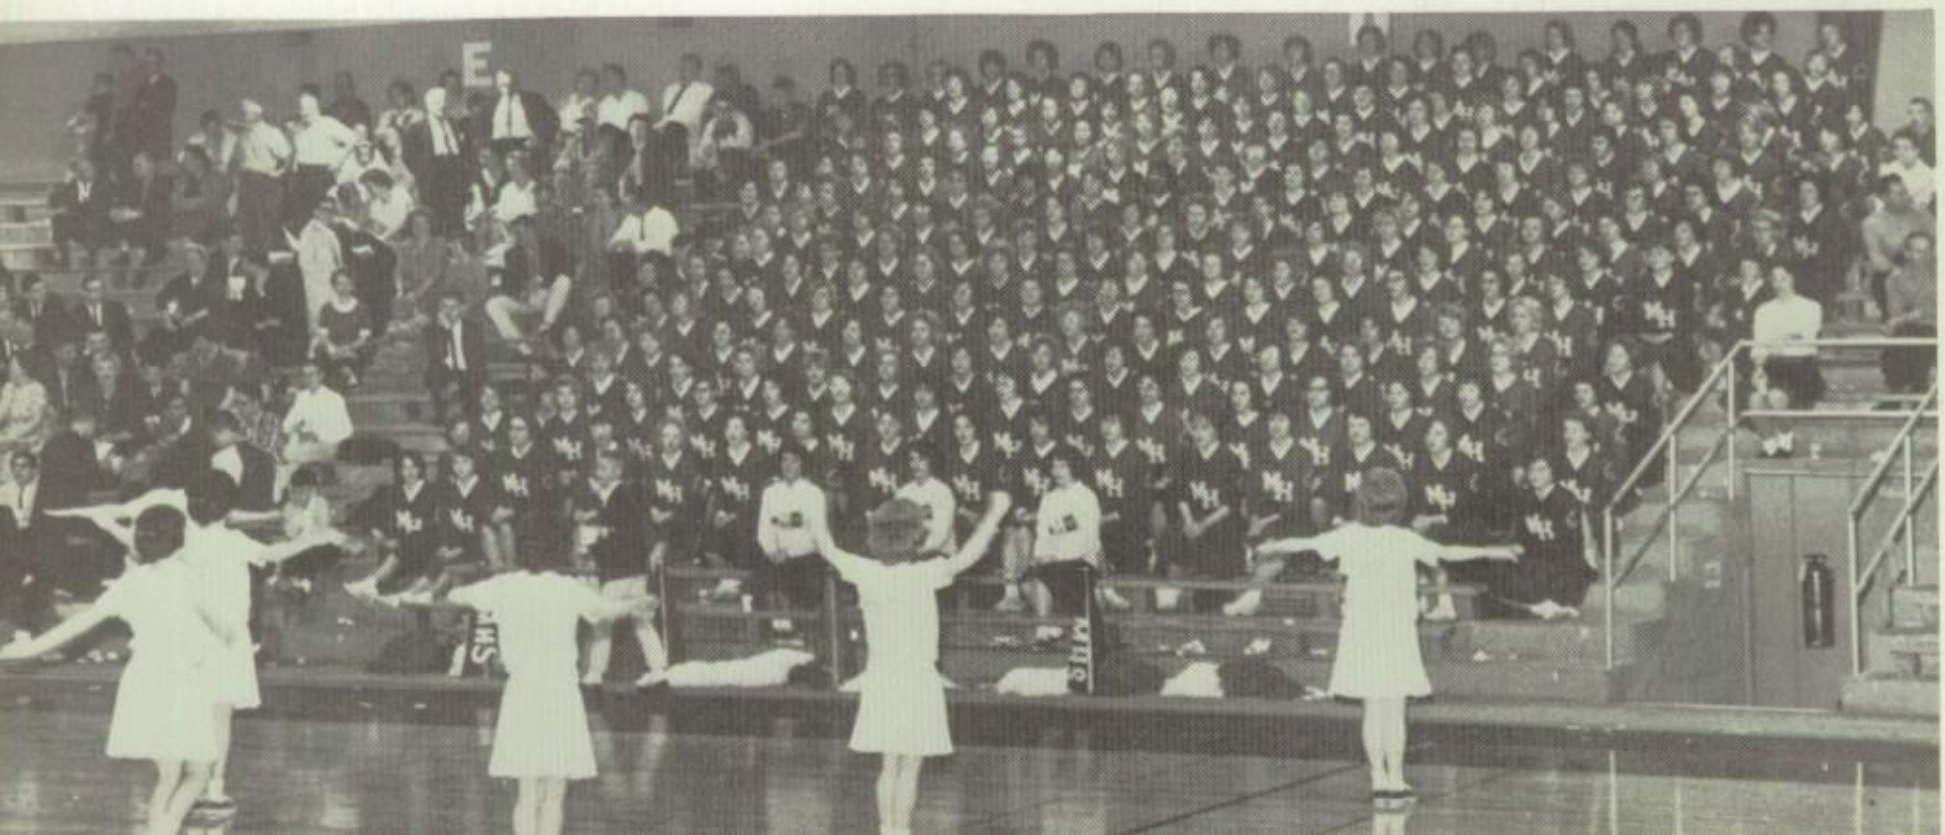
Dean Harback maneuvers the ball into another point-making play.



"Hey, I'm on your side!" voices Russell Nowell; for it seems as though Jim Kubiak is trying to block his shot.

State Catholic Tourney Champs

McGuinness Shamrocks show excellent formation in their well disciplined performance at the State Catholic Tournament games.

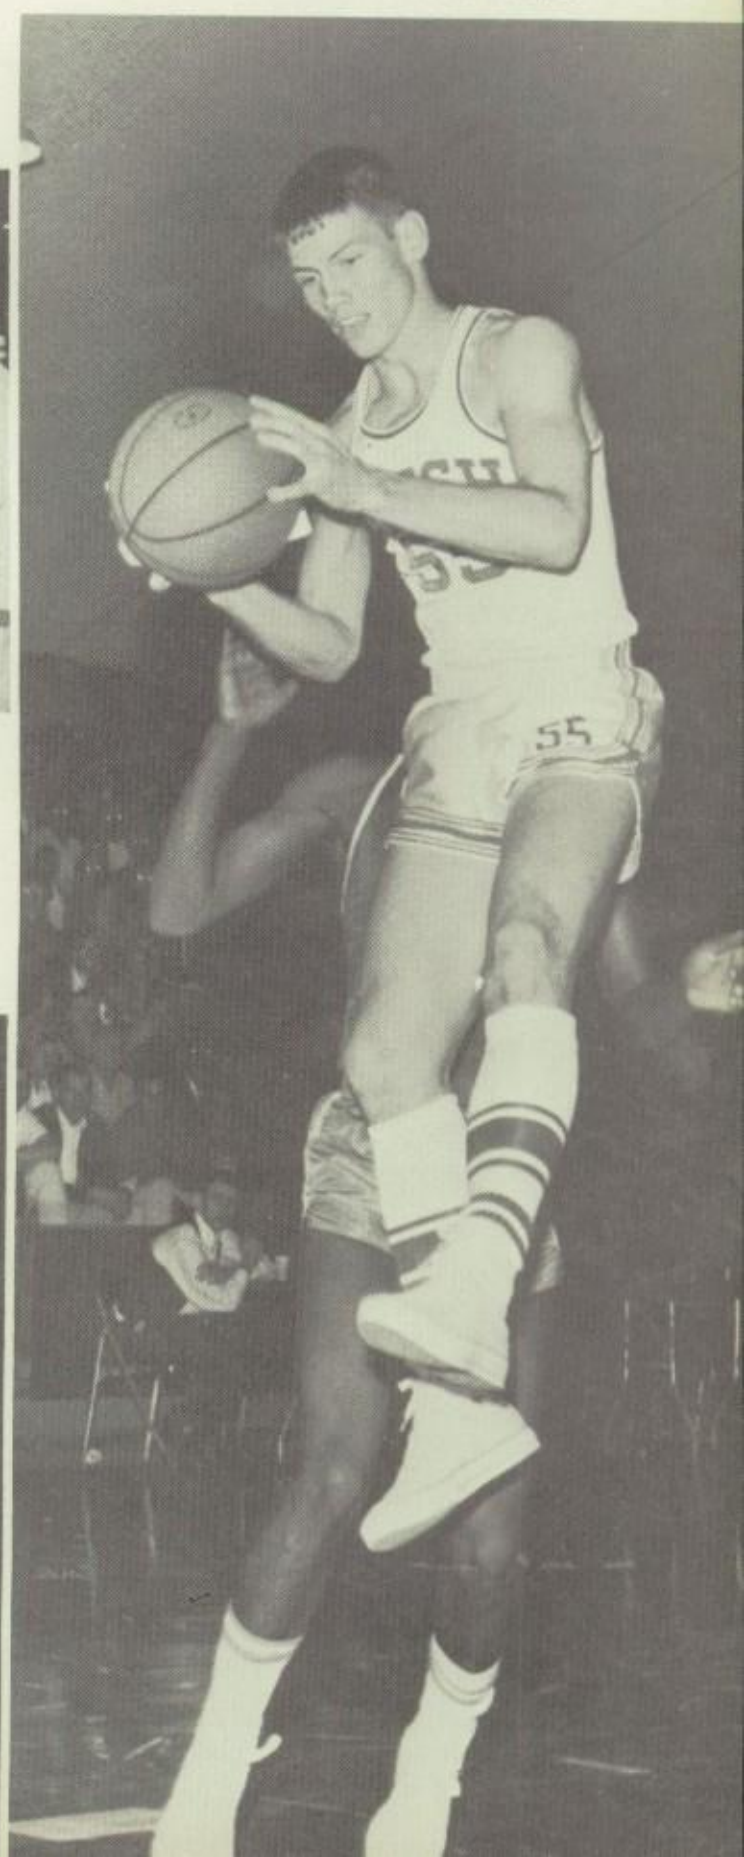


"It's all over but the shoutin'." The Irish are the Catholic Tournament Champions for the fourth time in tournament history.

Bob Minnis goes high to "hog" the ball from St. Mary's.

Irish forward Bob Minnis receives the outstanding player award for the tournament from Bishop Reed.

Bishop Reed presents the Catholic State Champion trophy to the Irish represented by Jim Nave.



Tension is high as Coach Virgil Grantham tediously reviews the strategy of the tournament's final game.

Blue and white cheer the frosh as cheerleaders Sally Maier, Patty McGuire, Liz Donovan, Sheryl Ard, Laura Summers, and Linda Emrick rally team spirit for the frosh-senior game.

"Go, Fight, Win!" boom the sophomore stands led by Kathy Minnis, Anne Atwood, Cynthia Walker, Dana Davidoff, Suzanne McGinnis, and Kathy Sullivan as the sophomore-junior game score tightens.

Free shot drops while junior cheerleaders Gloria Rubac, Mary Lou McCurdy, Susie Costello, Marjorie Bane, Mary Ellen Wheeler, and Donna Shidler hold bursting crowd silent.

Intramural

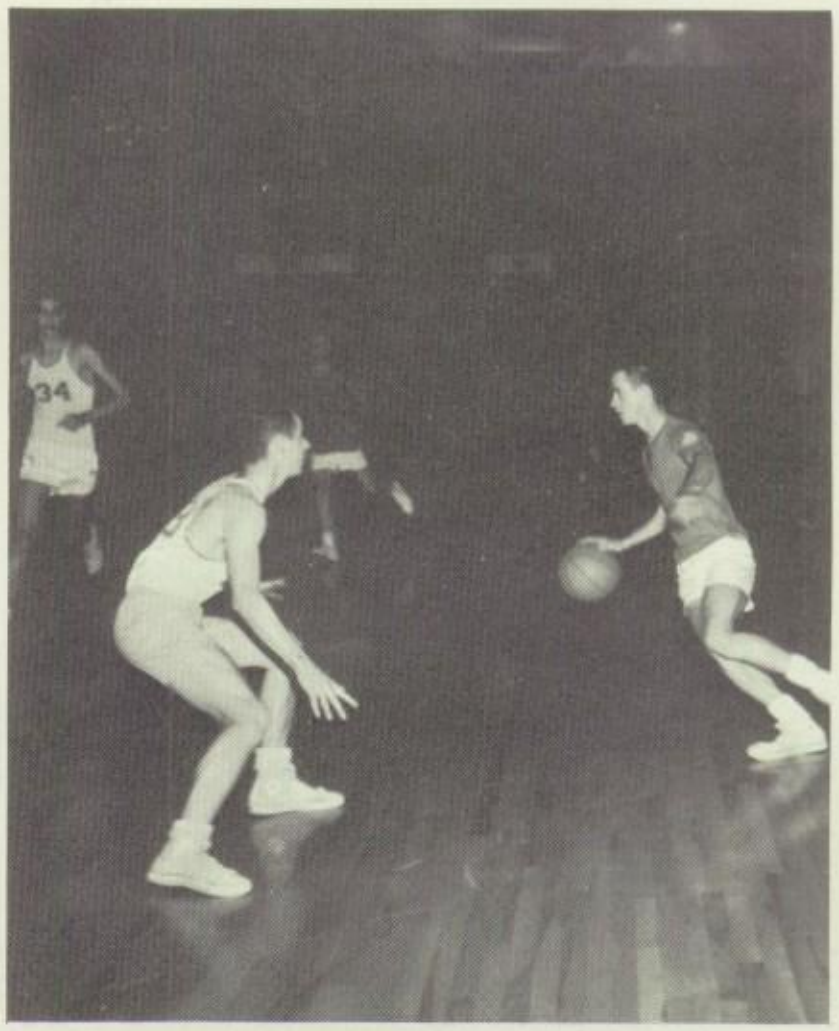
The action was fast and furious in the third annual inter-class tournament with the seniors coming out on top and the juniors, sophomores, and freshmen placing in their respective order.

Friday night the tournament got off to a fast and exciting beginning when the juniors met the sophomores in a game which went undecided until the final 1:34 where junior Phil Tennery popped in six points to clinch the game for the juniors.

The experience-laden senior team easily handled the freshmen, and the stage was set for the senior-junior game Saturday night.

The senior team composed of the starting five of the varsity proved too much for the juniors and set them down in proper style with a comfortable score.

The tournament is now the annual event in which each class has a chance to prove itself as the school's top athletes. The spirit is high and kept high by the class cheerleaders as they urge their team on to victory. Teams and cheerleaders are chosen by the class they represent.



Junior team steadies as Bobby "Bird" Jarrell swerves in for the points.

Clock stopped for "Senior Privileges!" Coach Frank McMann talks tactics as weary team recuperates.

Pat Ryan sprints across finish line to place third at the State meet.

(Upper-left corner) Keating Hagmann displays the form that earned him 2nd place in the high hurdles at the state meet.

Crossing finish line in 2nd place is Irish dash man Tim O'Toole.

With a determined look, Paul Pfrehm receives the hand-off from Gardner Carter as he starts the third leg of the mile relay. Along with Jim Kubiak and Pat Ryan, the team placed second in the meet.

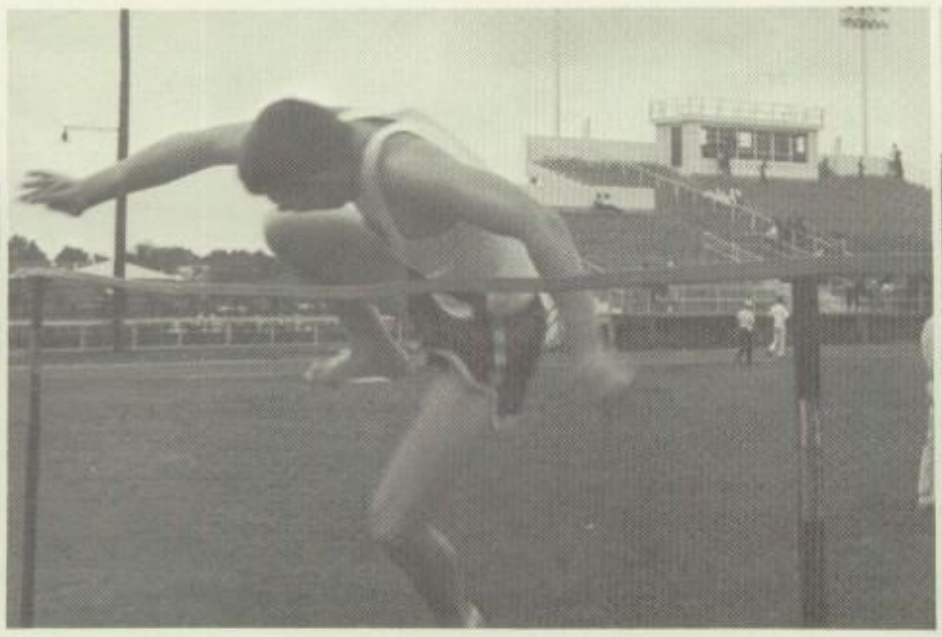
Anxiously awaiting their respective events are Frank McMann, Mike Stank, Bob Harrington, Mike Bible, Russell Nowell, and Mike Lepak.

Jeff Davidoff puts forth a determined effort to gain for him second place Irish distance runner.

With a frustrated look and a mighty effort Bruce Howe whirls the discus, while on the right Jim Kubiak, Irish Quarter miler, strides across finish line to win his event.

State Catholic Track Meet Champions

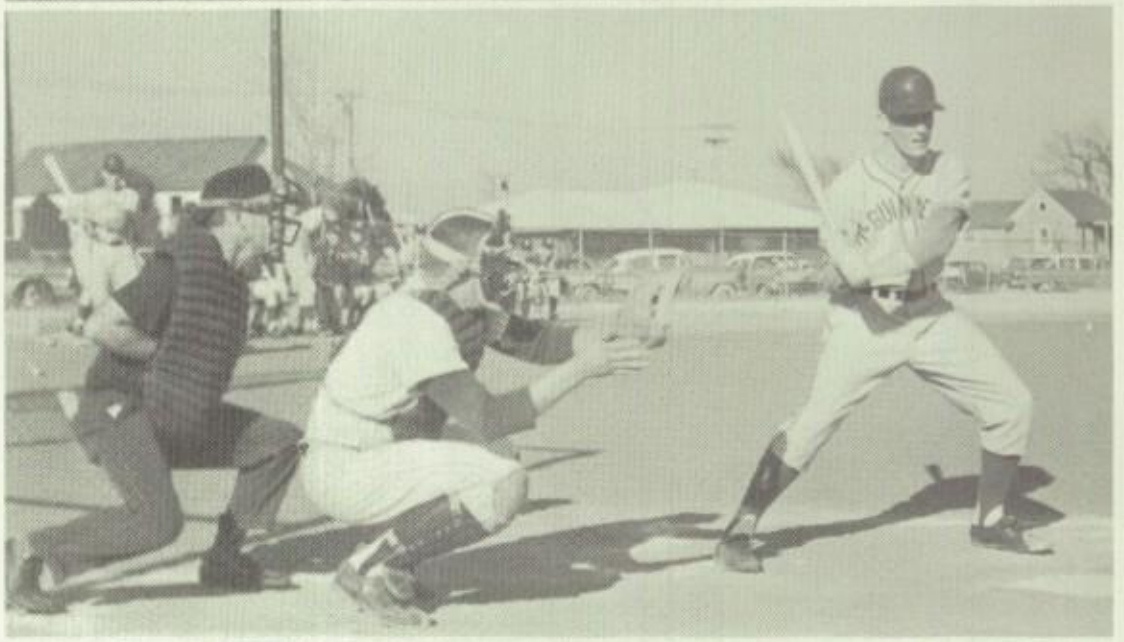
Mike Stank clears the bar at 11' 6" to win the pole vault and set a new State record.



Bob Minnis stretches over high jump bar, winning his second gold medal of the day.

Russell Nowell goes high and hard to place 4th in the broad jump.

Bill Burton, junior, streaks across the plate to tally another Irish run.



Irishman Bob Hagey gets set to slash out another Irish hit against the Northeast Vikings.

Coach Virgil Grantham paces the sidelines as he figures the next inning's strategy.

Glovemaster Bill Burton waits to throw out the runner streaking to first base.

The Irish bench seems quite content at the fact that the opposition is out in the hot, boiling sun.

The Fighting Irish Baseball Team included (Top left to right) Mark Guerrero, Jim Burkey, Bill Teson, Russell Nowell, Bob Harrington, Dean Harback, and Bob Hagey. (Middle row) Bill Haddock, Terry Arndt, Ron Palmer, John Pitt, Bill Burton, Ron Poole, and Mike Steffen. (Bottom row) Mike Tracy, Dennis Sousa, Jack Gordy, John Turner, Pat Harrington, Gene Brassfield, and Davin Cronin.

Irish Baseballers Compile Impressive Record

Lefty Bob Hagey prepares his faithful delivery that fanned 98 opponents this season.

The Irish string of athletic championships was snapped at 11 when the Kelley Comets edged the Green in an 11 inning thriller at the Catholic State baseball tournament.

The Irish wrapped up their season with 11-5 behind the strong pitching of southpaw Bob Hagey and the big bat of Bill Burton. Bob ended his baseball career at McGuinness with a 5-4 season record and an impressive 1.51 ERA. Bob struck out 98 men while walking only 42 opponents. Bill, only a junior, pounded the oppositions' pitching with a .439 average while collecting 18 hits.

The Irish, though not the champs, did have several feathers in their green caps. They defeated the seventh-ranked Southeast Spartans 71; they bested the Pirates of Putnam City twice. The Irish split a double header with Asher who won the Class B title. MHS also got in their licks in the tournament by slaughtering the Rockets 13-1 in five innings.

In Coach Virgil Grantham's two year coaching period, his teams have chalked up a 23-8 record while dominating the Catholic All-Conference teams.
